(International News Service)
FRIEDRICHSHAFEN, May 21.—The Graf Zeppelin, pushing steadily southward toward Brazil, was cruising through a low pressure area in the vicinity of the Canary Islands, off the west African coast, early today.

Radio messages from the Graf indicated that there was a low-hanging mist over the islands north of Las Palmas and a light west wind. At 5 a. m. G. M. T. (1 a. m. E. D. T.) passed eastern shore of Tenerife (Canary Islands). All well, Dr. Hugo Eckener, commander of the Graf, radioed.

Cover 1,000 Miles.
The message indicated that the airship had covered nearly a thousand miles of her 3,500 mile hop to Pernambuco, Brazil, from Seville, Spain, which she left yesterday at 4:32 a. m. Earlier dispatches to the home radio station here from Dr. Eckener said that strong west winds and a low pressure area necessitated changing the course of the Graf to the westward toward the Madeira islands for a time.

One message said:
"At 4 p. m. Greenwich mean time, position 34 degrees north latitude, 12 degrees west longitude. Speed not great. Detouring westward in order to escape low pressure zone north of Canaries and to reach trade wind zone."

PA NEW OBSERVES

Central firemen are housecleaning at the present time, the walls and ceiling of the room which houses the equipment being washed down. The job has been under way now for several days.

Workmen started the task of laying brick at the new structure which is being built by the New Castle Lumber and Construction Company for Standard Brands Inc., at the corner of Lawrence and South Mercer streets.

In several districts in Wayne township, only about ten votes were cast in the entire precinct. Votes come high in this district probably costing about \$5 apiece.

Odor from the burning dump on North Jefferson street spread all over the North hill last night, much to the discomfort of residents of that district. The fire has been burning for more than three days.

Pa. News observed quite a few straw hats were being worn again today, the day dawning bright and clear, and giving promise of being much warmer than it has been for the past week.

Considerable interest is being manifested by Chamber of Commerce members in the annual election of directors. Over 75 ballots had been received by this morning. The election will close at noon on Thursday, when the election committee will start counting the ballots.

Don't forget to lay aside a few pennies for a Buddy Poppy, which will be sold on the streets here Saturday. Buddy Poppies are sold to provide welfare funds for the Veterans of Foreign Wars.

Philadelphia Votes Heavily For Davis-Brown

Phillips Receives Large Vote In Philadelphia Returns Show

PINCHOT THIRD
WITH ABOUT 50,000

Brown Polls Larger Vote Than Running Mate On Ticket

(International News Service)
PHILADELPHIA, May 21.—Despite a tremendous vote that exceeded all expectations Francis Shunk Brown and James J. Davis, leading candidates on the slate backed by the Wm. S. Vare organization carried Philadelphia county by substantial margins semi-official returns revealed today.

The wet candidate ran ahead of Grundy and Pinchot, the dry candidate, by about 2 to 1.

Brown polled a much larger vote than his running mate Davis. He polled a majority of more than 186,000 over Thomas W. Phillips, the wet candidate, while ex-governor Gifford Pinchot ran third.

Davis possessed a little more than 145,000 majority over Francis H. Bohlen, anti-prohibition candidate, according to reports from all the 48 wards minus a few minor divisions. Grundy was a poor third, failing to carry a single ward. Bohlen carried one ward—the 23rd.

The vote for governor: Brown, 240,133; Phillips, 114,300; Pinchot, 53,564. The vote for U. S. senator: Grundy, 57,517; Davis, 241,050; Drew, 4,404; Dorrance, 95,795; Herben, 1,952.

Large majorities also were piled up here for the other candidates on the slate backed by the Vare organization including Gen. Edward C. Shannon for Lieut. Gov., Philip H. Dewey for secretary of Internal Affairs, Judge George W. Maxey for the state supreme court and Wm. B. Linn and James B. Drew for the superior court.

McElwee Wins For Legislature

New Wilmington Man Is Republican Nominee In County

CARRIES DISTRICT
BY MORE THAN 1,000

Coming out of his home territory with a big lead, Attorney William McElwee, Jr., of New Wilmington, Pa., breezed through the county to an easy win in the fight for the Republican nomination for the general assembly from the second district, comprising the county outside of the city of New Castle. Mr. McElwee received 3326 votes, with Paul J. Cartwright of Ellwood City his nearest rival. Mr. Cartwright received 2106, David J. Jones of Ellwood City received 997 and Arthur Wright of Edensburg received 298. Mr. McElwee came close to totalling the vote of his entire combined opposition.

The nomination of Mr. McElwee for the general assembly marks the first time for a resident outside of Ellwood City to be thus honored since 1920 when the county was divided into two districts. Hon. Milton A. Bickett of Ellwood City served three consecutive terms in the general assembly but some months ago was transferred to (Continued On Page Two)

Grundy Carries Lawrence County By Small Margin

Pinchot Given Largest Vote For Governor—Phillips Second

TOTAL COUNTY VOTE
IS ABOUT 13,506

Woodward First In County For Secretary Of Internal Affairs

Overcoming a slight lead of James J. Davis in the city of New Castle, Senator Joseph R. Grundy piled up enough votes in the rural districts to carry Lawrence county, totalling 5630, to Davis 5052. Francis H. Bohlen, running mate of Thomas W. Phillips, Jr., was a poor third, getting but 2381 votes for the United States Senate. Webster Garfield Drew who seemed to be running for no good reason at all, received 237.

The race for the nomination for governor proved to be a surprise. While Gifford Pinchot was conceded the heaviest vote in this race, it was thought that Francis Shunk Brown would run second. The results show Brown a rather indifferent third. Pinchot received 6533 votes, Thomas W. Phillips, Jr., a former New Castle man running on a wet platform, 4264, and Francis Shunk Brown 2762. Joseph D. Herben received 83.

Swick Sweeps Through
For congress Dr. J. Howard Swick of Beaver Falls, Pa., the present incumbent made a runaway race of it. It is questionable if his opponent Howard McCray carried one precinct in the county. Dr. Swick getting 8739, McCray 2399, Guy E. Shoemaker 1217.

For lieutenant governor Charles F. Armstrong, of Armstrong county, was carried along in the Pinchot landslide and received 5389 votes. General Edward C. Shannon, behind in the city pulled up in the county and polled 2964 votes, with Charles Dorrance the wet candidate getting 2826. Frank P. B. Thompson polled 581 votes.

James Fleming Woodward of McKeesport, Pa., present Secretary of Internal Affairs, finished first in this county getting 3954 votes. Philip H. Dewey, popular with the farm vote was second with 2636; Charles C. McLain received 2027 votes; Frederic A. Godcharles 1071, and Charles Fred White 518.

BEAVER COUNTY
GIVES BIG LEAD

Dr. Howard Swick will again be the Republican party candidate the 26th district of Pennsylvania for Congress of the United States.

In Tuesday's primary Congressman Swick went through the three counties like a rumor through a girl's boarding school and the results show that he piled up about twice the vote of his two opponents.

The results are Swick 24,983, Howard McCray, 9166, Guy E. Shoemaker 3921. This represents 264 precincts out of the 273 in the district.

In Lawrence County with all of the 89 precincts reported, Congressman Swick received 8739 votes, McCray 2,399 and Shoemaker 1217. In Butler County, with 80 precincts out of 85 reported, Swick got 5888, McCray 2,323 and Shoemaker 1054.

In Beaver County the home county of Congressman Swick, and his two opponents, he broke into five figures. He received 10,356 votes, with McCray getting 4439 and Shoemaker 1650. This represents 95 of 99 precincts in this county.

H. A. Rugh Dies After Illness

Well Known Business Man Passes Away At Home Here

IN STORAGE BUSINESS
HERE FOR 30 YEARS

Horace A. Rugh, one of New Castle's most prominent businessmen, died at the family residence, 413 N. Jefferson street, Tuesday evening at 9:20 p. m. following an illness of some duration.

Mr. Rugh was born in Greensburg, the son of Dr. Jacob Welty and Rebecca Gilchrist Rugh. He went west in 1871 and remained there a number of years on a cattle ranch, during the trouble some times in that part of the country. November 17, 1887 he was married to Emma Osborne and to this union three children were born, a daughter and two sons. Returning from the west Mr. Rugh lived for several years in Latrobe and Greensburg.

The fight for this nomination was one of the warmest in the lists and brought out some close finishes in various precincts. For Mr. Martin it was the first time he had ever engaged in the political arena as a candidate and his showing was a satisfaction to his friends. Mrs. Taylor also showed much strength in some precincts. It was also Mr. Coates' first venture into the realm of politics as a candidate and while he did not receive a large number of votes, his strength was evenly divided and showed that he was known in every precinct.

Dividing the city into wards showed the following results. Richards carried the second, fourth and fifth wards. Martin carried the first, sixth and eighth wards. Mrs. Taylor the third ward and Coates the seventh ward. The result in the third ward was almost a tie as Mrs. Taylor received 275 votes there and Richards 273.

Setting off the city by precincts shows that Richards carried 18 precincts of the thirty four, Martin ten, Mrs. Taylor four and Coates one, his own precinct, the first of the seventh. There was no contest in the Democratic party for the nomination and it will take the official count to show who received it. Names were written in and several candidates received votes on this ticket.

Florida Man Is Found Guilty Of Slaying His Wife

William R. Carver, Former Stroudsburg, Pa., Real Estate Man Convicted Of Murder

(International News Service)
SEBRING, Fla., May 21.—A jury in Highlands Circuit Court today convicted William R. Carver, former Stroudsburg, Pa., real estate agent, of first degree murder for the slaying of his wife in their home here April 2.

The verdict of the jury carried a recommendation of mercy. The verdict was returned at 9:35 a. m., after a little more than five hours deliberation.

Carver received the verdict emotionlessly, and made no comment. The courtroom was jammed to its capacity by spectators when the verdict was announced.

Defense counsel immediately asked the court for fifteen days in which to prepare an appeal for a new trial. The request was granted. Sentence will not be imposed until after the new trial appeal is filed.

LATE RETURNS CUTTING DOWN LEAD OF BROWN; NOMINATION IN DOUBT

Both Pinchot And Brown Campaign Managers Claiming Nomination

PINCHOT STRONG IN ALLEGHENY CO.

Brown Gets Immense Majority In Vote Polled In Philadelphia

BY GEORGE R. HOLMES
International News Service Staff Correspondent

PHILADELPHIA, May 21.—James J. Davis' victory over Senator Joseph R. Grundy for the Republican senatorial nomination soared close to the 200,000 mark this afternoon, while his organization ticket-mate, Francis Shunk Brown, was staging a ding-dong battle for the gubernatorial nomination with Gifford Pinchot, the independent fire-brand in Pennsylvania politics.

Returns from 6623 precincts showed the Davis-Grundy vote as follows, in the contest for the Republican senatorial nomination: Grundy—369,421; Davis, 607,026.

With approximately three-fourths of the state reported, Davis' victory was clear-cut, but Brown's lead of approximately 50,000 votes was steadily being chipped away by Pinchot. And most of the missing districts are located in Pinchot territory.

Both Claim Victory
"I'll win by 75,000," declared Pinchot.

While this estimate by the former governor was not shared by many observers, it appeared that Pinchot did have an edge in a close race.

"I am not boasting, but I am supremely confident," said Brown as he reached his headquarters for conferences.

Brown's big early lead, based upon the mountain of votes compiled for him in the Vore stronghold of Philadelphia, steadily decreased as the day advanced. He carried Philadelphia by some 187,000 votes, but with some 200 precincts in Pittsburgh still missing, he was behind Pinchot there. The cut-state counties were showing steady majorities for Pinchot.

May Need Final Count
The official count probably will be necessary to determine the ultimate winner of this close contest, for in view of the closeness of the struggle neither camp is going to concede defeat without a thorough-going examination of the official returns.

Of deep interest to the politicians was the threat made in anti-Pinchot quarters today to set up an opposition Republican slate to him in November if he does finally emerge a winner. Pinchot is anathema to the organization in Philadelphia, which allowed him only 53,000 votes in a total of some 400,000 yesterday. Because of his bone-dryness, Pinchot is also certain of opposition from the organized wets, who rolled up a respectable total of some 225,000 votes in Pennsylvania for the "wringing wet" ticket of Phillips and Bohlen. And the wet vote was made the more impressive by the fact that it was rolled up without help of the wet Philadelphia city organization, which went down the line for the Davis-Brown ticket. Despite its refusal to take a positive stand on the wet-and-dry issue.

Thus, it appeared today that even if the lanky forester does beat out the organization for the nomination in the final count he still will face the formidable barriers between Milford, his home, and Harrisburg, the State Capital.

"This prohibition issue is here to stay," said Prof. Bohlen, the senatorial wet candidate who was defeated, but (Continued On Page Two)

City Contest For Senate Is Close

Grundy And Davis Near Even Break In New Castle

SWICK HAS LARGE PLURALITY IN CITY

One of the warmest races ever seen in New Castle for state-wide candidates was staged here Tuesday between Secretary of Labor James Davis and Senator Joseph R. Grundy for the senatorial nomination. Davis carrying the city by only 81 votes. The total shows Davis receiving 2373, Grundy 2492, Francis H. Bohlen 1499, and Webster Garfield Drew, an unknown 92.

In the gubernatorial contest Gifford Pinchot ran far past the figures set by his managers here and apparently drew strength from every faction as his vote shows strength in precincts where he was considered to be a poor third. His total vote in the city was 2814, as against 2326 for Thomas W. Phillips, Jr., 1452 for Francis Shunk Brown, and 33 for Herben. The heavy vote for Thomas W. Phillips, Jr., is accounted for in part by the fact that he is a former local man and also that his supporters here staged a warm campaign for him.

Swick Sweeps City
Congressman J. Howard Swick's showing in New Castle was not altogether a surprise although it is a satisfaction to his friends. He polled three votes for every one of the combined strength of his two opponents and piled up a total of 4608. Howard McCray received 1214 and Shoemaker 464.

Aided by the strength of Gifford Pinchot, and the fact that he has a number of friends here, Charles F. Armstrong led the field in the city (Continued On Page Two)

Pittsburgh Gives Davis Big Lead

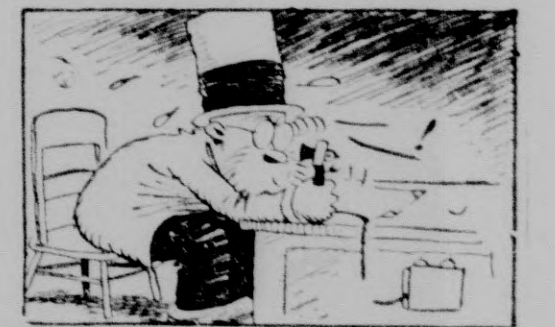

Grundy Is Defeated By Wide Margin In Allegheny County

(BULLETIN)
(International News Service)
PITTSBURGH, May 21.—Secretary of labor James J. Davis was increasing the distance between himself and senator Joseph R. Grundy in Allegheny county as the day progressed.

With less than 300 precincts unreported, Davis had polled a total of 12,987 to Grundy's portion of 30,678. This tabulation was made on the basis of 1,185 precincts out of 1,438 in the county.

Former governor Gifford Pinchot shared the spotlight with Davis in Allegheny county, drawing away from the cabinet member's running mate with a total of 84,563 votes to Brown's 71,685.

CITY CONTEST FOR SENATE IS CLOSE

(Continued From Page One)

For lieutenant governor, getting 2427 votes. He was followed by Dorrance, a running mate of Phillips, who received 1763. General E. C. Shannon polled 1575 votes and P. P. B. Thompson 293.

For justice of the supreme court Judge George W. Maxey of Lackawanna County ran away from Judge Albert Dutton McDade. Judge Maxey is also known here and this aided him. He received 3491 votes to 1747 for McDade.

In the fight for the two seats on the Superior Court bench, J. Frank Graff and James B. Drew were high, Graff getting 3291 and Drew 3131. Judge William B. Linn received 2284.

For Secretary of Internal Affairs James Fleming Woodward of McKeesport was high with 2014 votes. Philip H. Dewey second with 1348, Charles C. McLean third with 1011, Frederic A. Godcharles fourth with 552, and Charles Fred White last with 552.

As was expected the city vote was not heavy, there being approximately 6675 votes cast. On Monday it was estimated that there would be possibly 6500 votes polled. While the vote was light it was not spotty, being light in every precinct in about the same proportion.

LATE RETURNS CUTTING DOWN LEAD OF BROWN

(Continued From Page One)

immensely pleased with the showing of the ticket. The Phillips-Bohlen ticket presented no other issue except prohibition. If Pinchot is nominated most certainly there will be a wet ticket to oppose him in November.

Davis Is Winner.

PHILADELPHIA, May 21.—Pennsylvania's super-hectic primary showed the following results today.

Secretary of Labor James J. Davis defeated Senator Joseph R. Grundy for the Republican senatorial nomination by a margin estimated between 150,000 and 175,000 votes.

Gifford Pinchot, the veteran progressive, apparently has won the Republican gubernatorial nomination from Francis Shunk Brown, the Vore organization candidate, by a narrow margin. The contest is close and it may take the official count to determine the winner.

The "wringing wet" ticket of Thomas W. Phillips for governor and Prof. Francis H. Bohlen for senator polled a heavy vote throughout the state, but ran third.

Senator Grundy, with characteristic grimness, retired early this morning refusing to concede the victory of his cabinet opponent, but the verdict was written in such figures that a concession was hardly necessary.

Grundy ran far behind Davis in the two great organization strongholds of the state, Philadelphia and Pittsburgh, and although he made up some ground in the other 65 counties it was impossible to overcome the tidal wave of votes rolled up by the city machine.

Pinchot, Brown See-Saw.

The Pinchot-Brown race was a see-saw affair throughout the long night, but this morning the tall forester was leading Brown by some 7,000 in Allegheny county (Pittsburgh) and the territory yet to be heard from in the middle counties, was considered favorable to his cause.

The strength of Pinchot and the weakness of Grundy were the outstanding features of the results to the politicians.

Slaughtered in Philadelphia, the stronghold of the Vore machine, against which he campaigned so assiduously, Pinchot ran a strong and surprising race elsewhere in the state. This morning his managers were claiming that on the final returns he will be shown to have carried every one of Pennsylvania's 67 counties. He received only 53,000 votes in Philadelphia in a total vote of approximately 400,000.

Grundy Loses in Pittsburgh.

Grundy fared only slightly better than Pinchot. His informal ticket-mate, in Philadelphia and failed to gain the large support in Allegheny (Pittsburgh) that enabled Pinchot to make a race of it. With unofficial and incomplete returns from most of the counties, it is expected that Grundy will have carried a score of counties in the final showdown, but some of them were counties that do not have as many votes as some of Philadelphia's populous divisions.

The wet showing, on the whole, was pronounced today by the wet managers to be fairly satisfactory.

"We lost, but we made a fight of it, and we will go on," said Prof. Bohlen. He predicted that if Pinchot finally emerges a winner over Brown an independent wet ticket will be put in the field against him in November. Pinchot is the dryest of all the candidates on the ticket.

Slates Shattered.

The county results ran true to predictions as to the crossing and recrossing of inter-party lines. In some counties Grundy and Brown led the ticket; in others, Pinchot and Davis were on top, and in a few counties Phillips, the wet candidate, ran ahead of the field. Prof. Bohlen ran behind Phillips in nearly every instance.

The Vore organization in Philadelphia delivered handsomely for the Davis-Brown ticket.

For a week prior to yesterday there had been widespread reports that the ward leaders in Philadelphia would "ditch Davis" if it became necessary to do so to save Brown. Such reports, in fact, were given voice by Senator Grundy himself, who said yesterday during the balloting that he understood Davis was being traded off for Brown votes.

The complete, although unofficial Philadelphia results, demonstrated the untruth of these rumors. The Vore ward on the south side went down the line solidly for both Davis and Brown, as shown by the fact there was only a difference of a few votes in their respective showings. The figures were: Davis 241,050, Brown 241,133.

Similarly, the teeming Vore wards in south Philadelphia held fast against the temptation to bolt the organization for the Phillips-Bohlen ticket.

The wet ticket made an impressive showing in Philadelphia, but its support came from the large independent wards and in the suburbs rather than from the Vore-controlled districts on the south side.

"Bill" Vore may have been denied the seat in the senate to which he was elected four years ago, and this health may not be broken, but the results in Philadelphia speak for themselves. His is still the big voice in Philadelphia politics. He asked his followers to support Davis and Brown "to vindicate me." They did so, handsomely. If Pinchot is finally returned the winner, it won't be the fault of the Vore organization, for Pinchot was soundly licked here.

STAR LORE

YOUTHFUL AWAKENING IN ASTRONOMY

By Arthur DeV. Carpenter

The interest of youth in astronomy usually begins with having the attention attracted to the planet Venus, or Jupiter or it may be by witnessing an eclipse of the sun or moon. If a boy lives along the seashore, he may get his first start in astronomical thought by witnessing the lunar tides. The lifting power of the moon remote in the sky, will arouse the interest of any boy who is given to considering the hidden powers of nature. The radiation of the sun far out in space is a fascinating subject for consideration and finally the stars themselves, which are mighty suns of the universe.

MR. AND MRS. GUINAGH HONORED AT GATHERING

The New Castle Field Club was the scene of one of the seasons outstanding social events Tuesday evening, the occasion being a farewell dinner to the retiring assistant treasurer of the Johnson Bronze Company, Dan D. Guinagh, who has been associated with this company for the past fifteen years. Owing to the necessity of seeking a more kindly climate to aid in the restoration of his wife's health, Mr. and Mrs. Guinagh and family are leaving soon for their new home in California.

The honor guests, officials and their wives were seated at a large oblong table which was centered with a gorgeous floral tribute presented by the guests of honor in behalf of fellow employees, was surrounded by many small tables used in accommodating a hundred or more friends who gathered to wish them God speed in their new venture.

The conclusion of the serving of a delicious chicken menu, Toastmaster Frank Shannon, introduced the speakers of the evening, reminding each in turn of some humorous incident which had occurred sometime in their business life, causing much laughter among the guests. Those called upon were Preston Flaherty, Thomas Harlan, Louis Sander, Leonard Cramer, McClelland J. Donnelly, Bud Russler, Harry Stenger, Edward Lynch and Jack Ward who responded in well timed remarks bearing upon their associations and history of the company. Much wit was blended in their speeches, each worthy of comment, but a sincere sentiment was also expressed at the prospect of losing so competent, valued and much loved official made the event a grave as well as a gay one, which will long be remembered.

Special guests of the evening included Mr. and Mrs. McClelland J. Donnelly, Mr. and Mrs. Thomas Harlan and Miss Jean Glenn. Dancing to a fine program of music and card tables were diversions of the remaining hours, which chronicled the close of a successful and memorable event.

Modern Priscilla Club.

The Modern Priscilla club associates had a delightful time Tuesday when they gathered at the home of Mrs. W. V. Fielding on Winter avenue for their usual social time. A 1 o'clock luncheon served at a table elaborately decorated in the season's colors, featured the meeting, with favors marking for 10 guests. Mrs. Frank Harlan was Mrs. Fielding's aide in serving.

The remaining hours were pleasantly spent in playing bridge, adjourning the meeting until June 4 when Mrs. Frank Harlan will entertain.

MOTHER-DAUGHTER BANQUET IN CROTON

One of the most enjoyable events ever given in the Croton Avenue Methodist church was that of the mothers and daughters of the congregation when they met for their annual banquet in the church dining room Tuesday evening at 6:30.

Covers were marked for 153 at tables charmingly decorated in spring flowers and blossoms. The dining room was artistically festooned with crepe paper in spring colors and blossoms filled the corners.

Mrs. E. J. Switzer invoked the divine blessing on the assembly. Mrs. Bert James acted as toastmistress in a delightful manner and introduced the various speakers and entertainers. The men of the church both prepared and served the banquet and the women pronounced it as one of the best menus they had ever partaken of.

Marjorie Rhodes gave the "Toast to Mothers" and Mrs. James Twaddle responded with the "Toast to Daughters". Marjorie Shaffer gave a pleasing reading, Mrs. William Kenehan sang a delightful solo, Betty Joshua gave a reading and then the speaker of the evening was introduced, none other than Rev. Margaret Joshua who is always greeted with enthusiasm. She used as her subject "Home Makers and Home Breakers", interspersing her talk with many witty stories.

Mrs. William Vogan gave a solo and the pep singing was led by Mrs. Ben Johns and Gladys Thompson.

Mrs. William Hopkins of Monessen and Mrs. Richard Jones of Youngstown, Ohio, were among the out of town guests.

GRADUATING CLASS ENTERTAINED TUESDAY

As a courtesy to the graduating nurses of the New Castle hospital, class of 1930, Dr. and Mrs. E. L. Young of 743 East Washington street entertained at a prettily appointed 6 o'clock dinner Tuesday evening in their home.

The hospital class colors, white and gold, were tastefully carried out in the menu in every detail, also the same color scheme was used throughout in the decoration of the home. Unique favors marked places for 14 guests. The after dinner hours were pleasantly spent informally in music, singing and chat.

Those who will receive their certificates include Doris Hanna, Nellie Sullivan, Thelma Hennessy, Irene Lombardo, Margaret Daly, Margaret Sheehan, Ruth Philla, Bee Jenkins, Mary Stinson, Florence Mecco, Anna Mecco, Ina Patterson, Virginia Colley and Mary Young, daughter of the hosts, Dr. and Mrs. E. L. Young.

Missionary Society.

The Young Women's Missionary society of the Reformed Presbyterian church held their regular monthly meeting at the home of Mrs. Belle Allen on Spruce street Tuesday. Devotionals were led by Mrs. Belle Allen, president, with the selection of delegates for the Presbyterian at Pittsburgh to be held on Thursday, May 22, taking place. Plans were also made for a coming event of the season that will prove a real treat to all, with the meeting being brought to a close by the president.

A dainty lunch was served at a selected hour by the hostess, assisted by her sister, Miss Josephine Kennell. The next meeting will be held at the home of Mrs. Frank Christofer on Oak street.

TAU DELTA CLASS HAS FINE BANQUET

Covers were marked for 70 places at the annual Mothers and Daughters banquet of the Tau Delta class of the Epworth M. E. church, Tuesday evening. The tables were cleverly decorated in pastel shades with roses and butterfly novelties used as centerpieces.

Miss Eleanor Warner, president of the class presided as toastmistress and introduced the following speakers: Miss Gladys Erwin, who gave the toast to mothers; Mrs. James Edwards, who responded with the toast to the daughters; Mrs. Chester Reynolds, teacher of the class and Mrs. Samuel Maxwell.

Following the dinner, a musical program was given by Misses Hazel Armstrong, Gladys Gorley, Dorothy Depp, Pauline Parker, Dorothy Barnes, Bryal Abernathy, Elizabeth Daniels and Genevieve Johns.

The program was concluded with a play entitled "The Uninvited Member" played by a cast which included Thelma Barber, Ann Jenkins, Thelma Twaddle, Louise Wyrie, Helen Drum, Mildred Shaklee, Eleanor Warner, Produce Sankey, Mildred Lusk, Elizabeth Dannels and Gladys Erwin.

Mothers were each presented with a rose by two little ladies who danced the minuet—Dorothy Thompson and Jane Bryan.

UNEXPECTED CLUB ENTERTAINS TUESDAY

Another pleasant social event took place Tuesday when the Unexpected club members met at the home of Mrs. W. V. Fielding on Fairfield avenue for an elaborately appointed 7 o'clock dinner. Covers marked for 24 guests with clever favors marking each guest place. A huge vase of spring flowers formed the centerpiece.

Cards were later enjoyed with prizes being awarded to Mrs. John Elder, Mrs. E. Beadel, Thomas S. Moorehead and William Huges.

As a special guest of the occasion the club had Mrs. James T. Whitlaw of Sharon.

ORDER OF RAINBOW FOR GIRLS MEETING

New Castle Assembly, No. 1, Order of Rainbow for Girls will have their regular stated meeting this evening at 7:30 o'clock. The installation of new officers for the ensuing term will occur at 8 o'clock, which will be an open installation. All Eastern Stars, Masons, Builders and friends are cordially invited.

There will be a number of out of town guests present including thirty members of the Cleveland Assembly and Advisory Board.

Park-Martin

The marriage of Miss Florence Park, daughter of Mr. and Mrs. Grant Park of Sycamore street, to Howard Martin, son of Mr. and Mrs. Allison Martin, R. D. 1, New Castle, took place Tuesday morning, May 20, in the Central Christian church on Long avenue, with the Rev. Jesse B. Porter, pastor, performing with the ring service.

The bride who was attired in a gown of white and orchid crepe-de-chine wore a corsage of brides roses and valley-lilies, was attended by Mrs. Fay McConnell of Franklin. She wore a frock of yellow crepe-de-chine with accessories to match.

Merle Park served as best man. Following the ceremony, a wedding dinner was served at the home of the bride, covers being laid for sixty guests at a table beautifully decorated in tones of pink and white. A large wedding cake formed the centerpiece. Out of town guests included Mr. and Mrs. Daniel Evans, Mr. and Mrs. Thomas Evans, Mr. and Mrs. Herbert Bowen, Mr. and Mrs. Griff Evans, of Sharon, William G. Evans of Gary, Indiana, and Mrs. Fay McConnell of Franklin.

Mr. and Mrs. Martin suspended with a wedding trip for the present and are in their new home at 913 Rose avenue, this city.

TUESDAY KENSINGTON ENJOYS MEETING

Mrs. E. U. Snyder proved a delightful hostess Tuesday when she entertained in a pleasing manner, associates of the Tuesday Kensington in her home on Winter avenue, with a splendid attendance.

The usual social time was highly enjoyed, with a delicious menu being served at the appropriate hour assisted by Mrs. J. W. Reimold. The table was elaborately decorated in dainty hues, with a large bowl of Spring flowers gracing the table center.

As special guests of the gathering, the ladies had Mrs. D. W. Nesbit and little Marilyn Lewis.

KEISER-McLURE NUPTIALS PERFORMED

A quiet wedding was solemnized on Tuesday at high noon when Miss Carolyn Ruth Keiser of Maytown, daughter of Mr. and Mrs. Clemen Keiser, became the bride of John Donald McLure, son of Mr. and Mrs. M. A. McLure of Sheridan avenue, in the presence of the immediate members of the families at the former's home. The Rev. J. E. MacDonald of Maytown officiated with the ring ceremony.

The couple, unattended, entered the parlor to strains of Lohengrin's wedding march played by Helen Keiser, sister of the bride.

A luncheon supplemented the ceremony served by the bride's mother at a table prettily appointed in pastel tones.

Mr. and Mrs. McLure left immediately for an eastern motor trip and upon their return will be at home to their friends at 1214 Highland avenue.

DINNER-DANCE DATE ANNOUNCED

The nurses of Lawrence county will hold their annual dinner dance at the Field club Wednesday, May 28, at 8 o'clock. The committee in charge of arrangements has been appointed at the New Castle and Jameson Memorial hospitals, who are furthering plans that promise a successful event in every way.

Iron-Steel Market Lull Continuing

(International News Service)
PITTSBURGH, May 21.—Increasingly aggressive selling with prices still losing ground mark a lull in the iron and steel market that has become more pronounced, the Iron Age will say tomorrow in its weekly summary of the iron and steel trade tomorrow.

Wide variations in steel ingot production with certain producers running at as low as 50 per cent of capacity but with the general average at 74 per cent, a decline of only one point from last week's rate, will be noted by the Iron Age in its summary. The general average rate has been favorably influenced by superior performances of companies with diversified output while the steel corpor-

ation average remains unchanged at 80 per cent of capacity.

The scrap market is uniformly weak, heavy melting steel has declined 50c, a ton at Pittsburgh, \$1 a ton at Birmingham and 25c a ton at Cincinnati. Another general reduction of \$2 a ton has occurred in plates and shapes following concessions that were localized a week ago. Cold-rolled strip is generally available at 2.45c a lb., or \$2 a ton below nominal mill quotations. Concessions of \$1 and \$2 a ton have been reported on sheets bars, billets and slabs.

The Iron Age composite price for finished steel, at 2.214c a lb., compares with 2.223c last week. The pig iron composite remains at \$17.58 a gross ton.

Over One Hundred Pupils Will Take Part In Program

**Music Program To Be Given;
Other News Notes Of The
Seventh Ward**

More than one-hundred pupils of the Mahoning school will take part in a musical program Thursday evening in the auditorium of the Mahoning school. The program will consist of selections by the school chorus and selections by the school band. The band at Mahoning school was only organized this semester and will make their first public appearance at this music program Thursday evening.

The thirty band players will make a brave appearance in their new white capes and caps in the school colors red and white.

There are about forty-five pupils in the school orchestra and forty pupils in the choruses. Miss Gladys Thomas is in charge of the instrumental music and Miss Jane Kyle in charge of the chorus. The program promises to be good and parents and friends of the school pupils will enjoy hearing this music recital. The program is at 8 o'clock.

HOLDING REHEARSALS
Rehearsals are being conducted in the Mahoning Presbyterian church for the Children's Day program. Children's day will be observed at the morning church service on June 1. Children's Day is being observed one week earlier than the regular day on account of the second Sunday being observed as Pentecost Sunday. The Christian church will observe their Children's Day in the evening on June 1.

TUREN DINNER

MILLER'S ANTI-PAIN OIL Formerly known as Snake Oil

Will Positively Relieve Pain in a Few Minutes.

Try it right now for Muscular Rheumatic Pains, Neuralgia, Lumbago, sore stiff joints, swollen joints, pain in the back and limbs, etc. After one application pain usually disappears as if by magic.

A new remedy used externally for Coughs, Colds, Grip, Influenza, Sore Throat and Bronchitis.

This oil is conceded to be the most penetrating liniment known, and its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour the drops on the thickest piece of sole leather and it will penetrate this substance through and through in a few minutes.

Refuse imitations. Nothing like it. 70c bottles.

The honest reason

THERE IS ONLY one real reason for smoking and that's *pleasure*. A pretty good reason after all. The cigarette you select in the long run will be the one that can contribute most to your enjoyment.

Camels are made with that idea in mind—the idea that genuine smoke pleasure is what you want in a cigarette.

When you try them you will find a refreshing difference—a mild, mellow richness of choice tobaccos—a blended harmony of fragrance, silky smooth—that makes smoking a delight.

The fact that more millions have chosen Camel than any other cigarette is a tribute to an honest product, marketed for an honest purpose.

National Farm Outlook

By ARTHUR H. JENKINS
Editor, The Farm Journal
Written for Central Press

Certainly the most spectacular event in recent agricultural history was the open breach between Chairman Alexander Legge of the federal farm board and the convention of the U. S. Chamber of Commerce.

Everybody has been aware for months that the distributors of agricultural staples—meaning grain, cotton and wool—have been upset and apprehensive over the activities of the farm board, and what they regard as the unwarranted interference with private business.

The meeting of the Chamber of Commerce about the first of May was the first opportunity to present their opposition in an official way, and it was to be expected that they would go so.

What was not expected was the vigor with which Mr. Legge defended the farm board, and the frankness with which he told the business men that he questioned whether they sincerely desired the prosperity of agriculture.

The upshot was that the Chamber of Commerce went ahead and passed a resolution to the effect that the farm board should be a body for investigation and research only, and that it should not have the power, through its \$500,000,000 cash funds, to compete with and hamper private business.

In this the chamber was quite consistent, as this is the position that the organization has taken for the last couple of years, and the marketing act as passed by congress went far beyond the ideas or wishes of most business men.

Mr. Legge "came back" promptly with this characteristic statement, to the delight of everybody who enjoys a lively argument, on whatever subject: "The Chamber of Commerce proposes to make the farm board impotent and would sponsor another national conference to adopt some more resolutions of sympathy for agriculture."

"That action simply confirms what we told the membership of that organization Wednesday—they are for something to help the farmer only until they find out it works."

"Our client is the farmer, and we are going to continue to serve him just as the agricultural marketing act intended we should—for his benefit, not the benefit of someone else."

That is very plain talk for the head of a semi-governmental body. And even those farmers who do not themselves approve of the farm board or agree with its policies are inclined to applaud Mr. Legge's unabashed support of the farm interests against any other interests whatever.

From expressions I hear, Mr. Legge's personal popularity in the country was never as high as right now.

Of course this is only one skirmish in what promises to be a long and eventful campaign. But nothing else has brought out so clearly the basic conflict of interest between the producer and the distributor, and the very radical nature of the marketing act under which the federal farm board is operating.

Hollywood Learns Of Fall Fur Styles

(International News Service)
HOLLYWOOD, Cal., May 21.—Hollywood has learned what it will wear next fall and winter in the way of fur garments to be purchased at prices ranging from four to five figures.

The national association of the fur industry, at the conclusion of its annual convention, made the following comment on what milady should have in her wardrobe when the fall and winter seasons opens:

"In the sports coats the straight lines will be correct. The length will vary from slightly above to slightly below the knee.

"In afternoon and evening, formal and informal wear, the tendency will be toward the molded figure silhouette line.

"For evening wear the wraps will be noticeably longer than for afternoon wear. For formal evening wear the long wrap headline will dip to the back.

"Collars on afternoon and evening wraps will be large and luxurious."

French Urged To Eat More Fish

(International News Service)
PARIS, May 21.—The Eat More Fish slogan is being given greater emphasis by the French State Railways by including in its service a special "Fish Train." Early in the month of May, the train will arrive at the Gare St. Lazare with a full load of cod-fish which will be distributed to school-children specially invited for the occasion. In addition to the carrying the load of "brain food," the train will be fitted up in the form of an exhibit bearing on all aspects of the industry, including cooking appliance, refrigerating plant and books on fish of all kinds.

Similar trains will be run later in the spring to Versailles, Chartres, Saumur, Rouen, La Mans, Angoulême and other French towns.

D. G. Ramsey And Sons Buy Smith Company

D. G. Ramsey & Sons, builders supplies, 306-29 South Croton avenue, announce today that they have taken over the stock, warehouse and storage yard of the C. Ed Smith Builders Supplies company on Produce street, and are now better fitted to serve the needs of the building public of New Castle and Lawrence county. They are the oldest builders supplies house in the city and county, and carry the most complete line.

By the acquisition of the Smith company stock Ramsey & Sons company becomes one of the most complete building supply houses in this section of the state. The company is now fitted to handle a tremendous volume of business. The stock of the C. Ed Smith company is complete in every way. It is clean and wholesome and the warehouse and storage yard are located conveniently.

Ramsey & Sons have been in business here for the past 23 years and

have served the people of New Castle and Lawrence county with complete satisfaction. One of the recent moves by the house was the issuance of a mammoth catalogue sent to 8,500 people in four counties—Lawrence, Beaver, Butler and Mercer. Ramsey & Sons is the only catalogue house in town.

The stock of the Ramsey organization is of the highest type and quality that can be purchased, and they specialize in quality. They supply every building need but brick and lumber. Their stock is complete in every line. They have also taken over the Du Pont line of paints in connection with the transfer of the Smith stock.

D. G. Ramsey & Sons are equipped to handle your every need in this line. From a very small beginning D. G. Ramsey & Sons have seen the business become one of the leading houses of New Castle and this district. Their motto is "Give Quality."

Westmoreland County Favors Davis-Pinchot

Bovard Organization In Westmoreland County Still Intact

(International News Service) GREENSBURG, Pa., May 21.—A newly formed Republican organization failed in its attempt yesterday to oust the old Republican organization headed by Harry F. Bovard, incomplete and unofficial returns today showed.

The new organization, led by Judge Copeland, was overwhelmed in its effort to name Republican nominees for congress and the state senate.

At the same time 93 precincts out of 225 in Westmoreland county returned comfortable majorities for

Davis and Pinchot, in the senatorial and gubernatorial contests. The vote was:

SET NEW RECORDS
IN PHOTOGRAPHY

(International News Service) BOSTON, Mass., May 21.—A new record in long distance aerial photography was set by the army air corps, when Captain A. W. Stevens, Air Corps photographic expert, succeeded in taking a photograph covering a distance of 270 miles. The photograph which was taken in one single exposure exceeds the previous record by almost 50 miles.

The photograph taken by Captain Stevens was made while in flight 20,000 feet above Crater Lake, Oregon, and gives a remarkable clear picture of the various mountain ranges stretching northward to the lofty peak of Mt. Rainier 14,000 feet above the sea.

Captain Stevens took the picture from an Army Air Corps photograph plane piloted by Lieutenant John Corkillo.

Although well satisfied with the results of his latest venture Captain Stevens declared it will be but a matter of time when a camera will be developed that will record even greater distances. However, it will be necessary, he says to have a photographic plane that will go much higher than 20,000 feet because from that altitude even an object as tall and large as Mt. Rainier sinks below the horizon at 300 miles.

The lens used in the camera were perfected by Captain Stevens and are of a deep peculiar red shade which enables the camera to venture into distances which no ordinary lens could register. A highly sensitive film is also used.

To "Prove" World
Turns On Its Axis

(International News Service) VIENNA, May 21.—The satisfaction of knowing that the world really does turn on its axis every 24 hours is a treat to be offered the Viennese in the near future. The proof will be provided by Professor Dr. F. X. Schaffer, who will demonstrate with Foucault's Pendulum Experiment. The original experiment was made by Foucault in Paris at the Pantheon in 1851.

Professor Schaffer, who is with the University of Vienna, will repeat the experiment in the Natural History Museum here.

Theatre To Observe
325th Anniversary

(International News Service) CASSEL, Germany, May 21.—Fifteen years before the Pilgrims landed on Plymouth Rock, Landgrave Moritz the Learned founded in Cassel the first court theatre in Germany, which will this summer celebrate its 325th anniversary with a special festival week.

At first Latin plays were given, and also Sophocles' "Antigone" in Greek. Later these were displaced by the early English dramas, including Shakespeare.

Correct this sentence: "Environment does it," said the critic, "and modern kids would be just as they are if their parents were the 1850 kind."

Public Is Invited To Witness
Troop F Drills On Friday Evenings

An unexpected amount of interest is being shown in the riding academy which is being conducted by Troop F, 103rd cavalry.

Those in charge of the school report that a number of people have already enrolled and that classes in riding instruction have been started.

There are a number of advantages which are not enjoyed in the ordinary riding school, that are available to those persons attending the school conducted by Troop F.

Among these, is the fact that due to the number of horses, those attending the classes are assured of horses in good condition and well trained.

The photograph taken by Captain Stevens was made while in flight 20,000 feet above Crater Lake, Oregon, and gives a remarkable clear picture of the various mountain ranges stretching northward to the lofty peak of Mt. Rainier 14,000 feet above the sea.

Captain Stevens took the picture from an Army Air Corps photograph plane piloted by Lieutenant John Corkillo.

Although well satisfied with the results of his latest venture Captain Stevens declared it will be but a matter of time when a camera will be developed that will record even greater distances. However, it will be necessary, he says to have a photographic plane that will go much higher than 20,000 feet because from that altitude even an object as tall and large as Mt. Rainier sinks below the horizon at 300 miles.

The lens used in the camera were perfected by Captain Stevens and are of a deep peculiar red shade which enables the camera to venture into distances which no ordinary lens could register. A highly sensitive film is also used.

U. S. ARMY MAN
SET NEW RECORDS
IN PHOTOGRAPHY

(International News Service) BOSTON, Mass., May 21.—A new record in long distance aerial photography was set by the army air corps, when Captain A. W. Stevens, Air Corps photographic expert, succeeded in taking a photograph covering a distance of 270 miles. The photograph which was taken in one single exposure exceeds the previous record by almost 50 miles.

State May Complete Prosecution Today In Mumbulo Trial

Another Array Of State Witnesses Take Stand Today Against Mrs. Edna Mumbulo

(International News Service) ERIE, Pa., May 21.—Another array of state's witnesses was scheduled to ascend the witness stand today in the trial of Mrs. Edna Mumbulo, youthful stepmother of 11-year-old Hilda Mumbulo who was burned to death by Mrs. Mumbulo, the state charges, in a conspiracy to share a \$7,000 legacy left to the child by her mother.

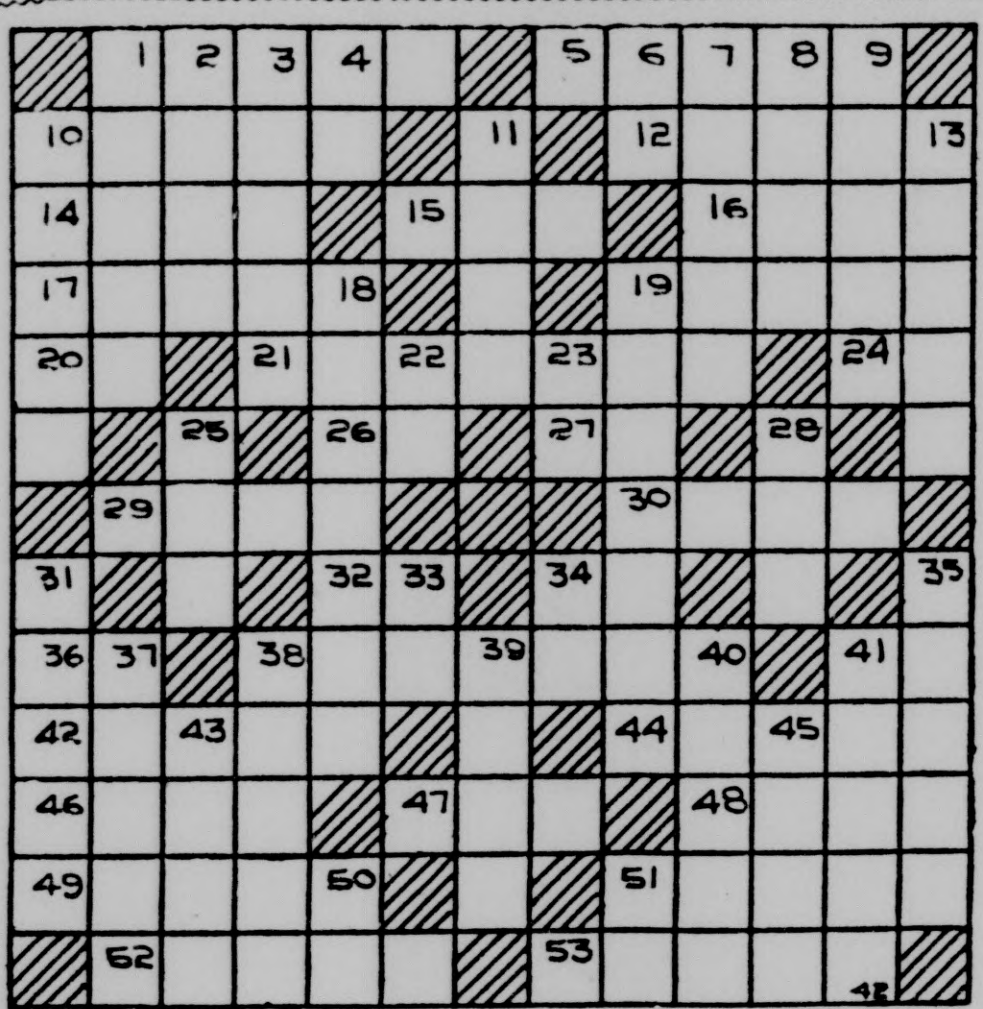

Ralph Mumbulo, father of the girl and husband of the defendant, is awaiting trial on an indictment similar to that on which his wife is now on trial for her life.

The Commonwealth charges Mrs. Mumbulo with deliberately splattering burning gasoline over Hilda while the girl was asleep. Mrs. Mumbulo has steadfastly maintained that Hilda was fatally burned when Mrs. Mumbulo tried to throw the container of blazing liquid out of Hilda's bedroom window.

Completion of the state's case was looked for late today or tomorrow.

Peter's Adventures

"LISTENING IN" ON SECRETS

Peter was so surprised to hear the Despot declare he liked the Great Water Beetles that he came near tumbling headfirst into the pool.

"Then why in the world are you forever chasing those poor cousins of yours and you've even been known to eat one of them up for dinner, so I've been told. These are strange things for one to do who lives his neighbors as himself."

"Yes, I suppose my habits seem strange to you!" The Despot paused to catch an unwary insect floating too close for safety, then continued.

The Great Water Beetles are much larger than I am you know, and I'd let them alone if only they'd show a little fight once in a while when I start to tease them. But they are so foolishly meek that they stand for any mean thing I may do. So, just to see how far I can go, I keep on picking on them. I ought to be ashamed of myself, I suppose, but if you had my nature you would know how dreadfully hard it is to keep from chasing anything that insists upon running away every time it sees you. Let me tell you a secret—I haven't a bit of doubt, but what if those cousins of mine ever really wanted to scrap they could beat me to a frazzle. Certainly if they didn't give me the worst of it, they could save themselves if they wanted to, yet for some reason or other they never so much as try."

It was all Peter could do to keep from laughing out loud as he thought of the Great Water Beetles, hidden under his hat, "listening in" to the Despot's secrets. The boy hoped they'd hear and heed and from

this time on take courage and defend themselves from their bully of a cousin.

"I think you are right!" Peter seconded the Despot's notion. "He who fights and runs away may live to fight another day, but he who will not fight at all may bring down his own fate upon him."

"Right!" shrilled the Despot. "And now that's all settled, for pity's sake tell me who are you?"

TODAY, AS FOR YEARS

BUICK DEDICATES ITSELF TO THIS BASIC SERVICE POLICY..

Ask for a Copy of Buick's Owner Service Policy

The complete facts regarding Buick service, including Buick's new Owner Touring and Change of Residence privileges, may now be had in a brief, compact booklet, "Buick Owner Service Policy."

Buick would like everyone who now owns—or expects to own—a Buick car to be thoroughly acquainted with the liberal provisions of this Policy.

You may obtain a copy of this interesting booklet from the nearest Buick dealer, or by writing direct to Buick Motor Company, Flint, Michigan.

"Satisfy the customer." This has been the service policy of the Buick Motor Company throughout the twenty-seven years of its history. And so faithfully has Buick followed this policy that today the familiar blue and white emblem of Authorized Buick Service is a guidepost to prompt, efficient and courteous maintenance to more than 1,500,000 Buick owners. Buick has twice as many owners as any other company selling cars priced above \$1200.

Here are just a few of the many important provisions of Buick's Service Policy:

More than 4,000 factory-supervised Buick Service Stations—equipped with genuine factory parts and tools—assure all Buick owners the same fine standard of skilled Buick service.

A written Warranty, covering the first 4,000 miles or the first 90 days of ownership, whichever shall accrue first, guarantees every new Buick car to be free from defects in material or workmanship.

Should parts or workmanship prove defective at any time during the Warranty period, Buick dealers will supply the parts and perform the necessary labor free of charge.

In addition to careful pre-delivery tests, the Buick owner receives two major inspections without cost—one after 500 miles and another after 1500 miles of driving. These include a thorough road test of all elements of performance.

The "Tourist" and "Change of Residence" clauses permit the Buick owner to change his residence as frequently as he desires or to tour any part of the United States or Canada and still receive the full Warranty benefits from the nearest authorized Buick dealer.

All Buick dealers fulfill these provisions of Buick's Service Policy. All dedicate themselves to the task of serving promptly, efficiently and courteously—providing maximum service at minimum cost—that owners of Buicks may remain friends of Buick always.

Court Of Honor Brings Awards To Local Scouts

Rev. G. S. Bennett, Chairman
Officials At Session At
Christian Church

The May session of the scout court of honor, held at the First Christian Church Monday night, saw a number of local scouts advanced in rank. The Rev. G. S. Bennett, recently appointed chairman, presided for his first session, with E. B. Hawkins, S. Sidney Smith and the scout executive assisting. Commissioner Davis attended the board of review.

Rev. Bennett, in opening the session, made a brief address, stating his admiration for the way in which the program of scouting was planned out, and especially emphasizing the merit badge part of the program. Covering as it does such a wide range of activities and skills, all purposeful in leading the boy's mind toward his future vocation. He then called for the awards to be made, and they were given as follows:

Advanced from tenderfoot to second class rank: Bud Rowland and Glen Peebles of troop 15, and Bud McCamie of troop 17.

Second class merit badges, fireman-ship and pathfinding, Robert Ray of troop 15.

First class merit badges, Edwin Harper, troop 18, public health, Richard Vandervelde, troop 18, scholarship and public health, Frank Baldwin, troop 18, first aid and public health, Robert Emery, troop 18, first aid.

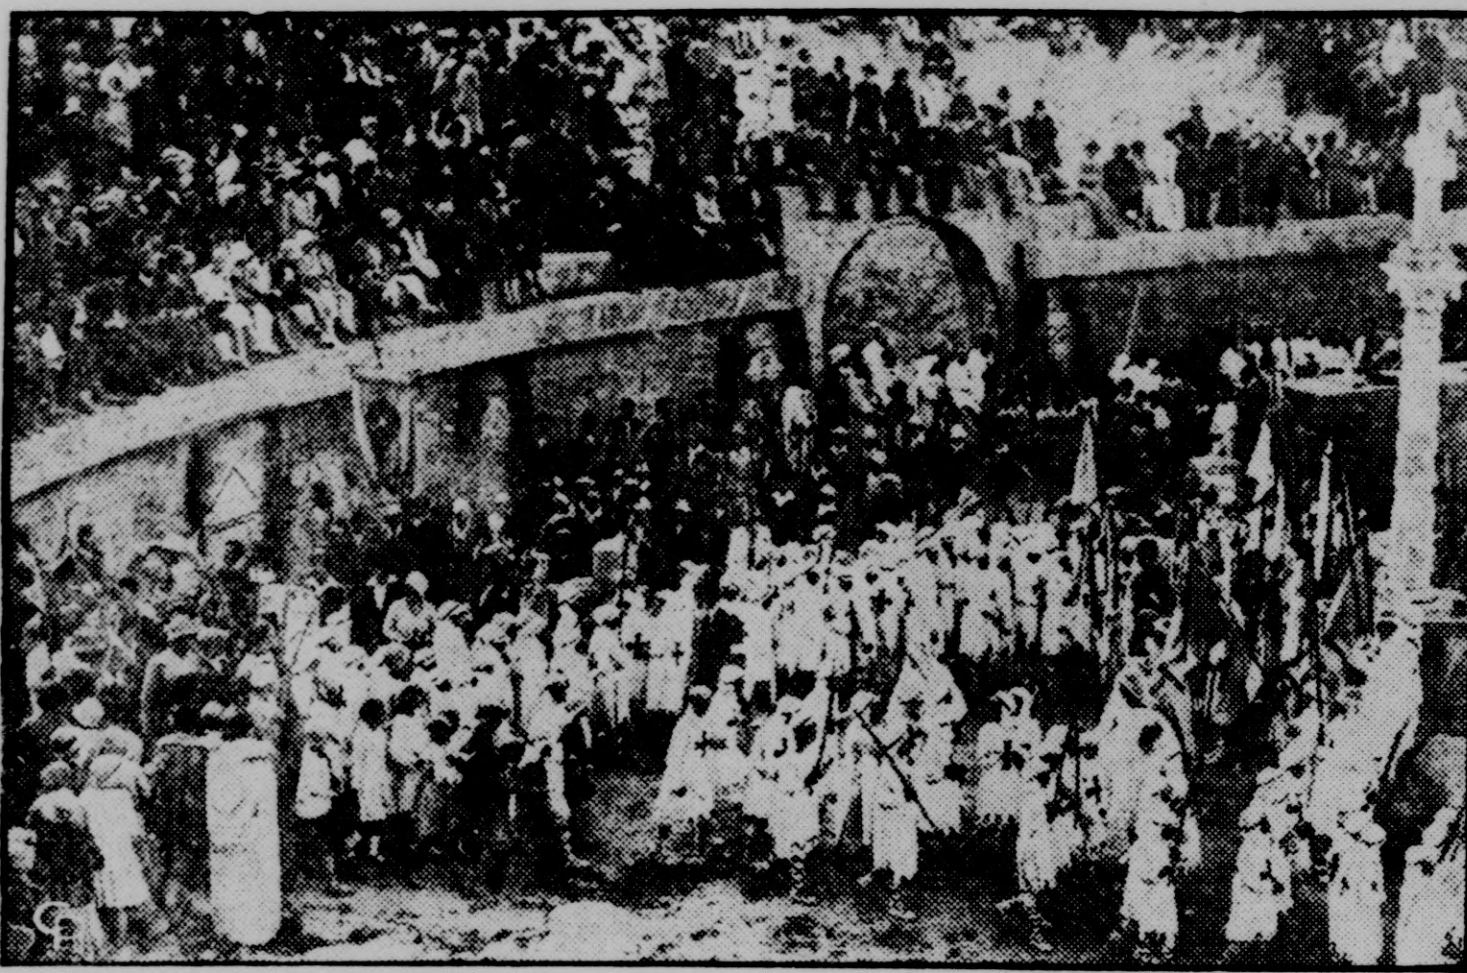

Special ranks: Edwin Harper and William Offutt of troop 18, ranked as star scouts, each having five or more merit badges.

Rev. Bennett then announced a court of honor for New Bedford on this Friday evening, and stated that June, July and August courts of honor would be held at Camp Phillips during the scout camp periods there. Scout Robert Emery led the group in the pledge of allegiance to the flag and the session adjourned.

Nine To Take Police 'Exams'

Nine persons have signified their intention of taking the examination to become eligible for police jobs here, according to Ralph Cooper, secretary of the civil service board of examiners. The examination will be held May 28. The last day for filing applications is four p. m. Monday. The examination is for the purpose of securing eligibles. No vacancies at present exist in the department.

County Scout Men To Gather

Entire Council Membership
Meets Thursday Night At
C. of C. Offices

Troop representatives and members at large of the Lawrence County council will meet at the Chamber of Commerce rooms Thursday evening for a regular scout council meeting, the session to start at 7:45 o'clock. Dr. W. C. Wallace, council president, will preside. Deputy commissioners are also expected to attend.

Some organization work as to council committee has been done. Mr. Rounds has the camping committee in good shape and will make a report on its recent meeting. The troop organization chairman is organizing his group, and may have some information for the council regarding this part of the work. The Rev. G. S. Bennett is getting the court of honor in shape and two sessions have already been held. A leader training course is being conducted at the Ellwood City district; two sessions having already been put on, and considerable interest shown. Committees on reading, publicity, leader training, finance, health and safety will function as planned by their chairman; finance having held one meeting. It is expected that Dr. Wallace will be able to present some interesting

information he gained at the annual meeting of the National council in New York since he was a delegate from this council. A full attendance of the members listed above, as well as the deputy commissioners' staff is hoped for.

FLASH FIRST VOTE RETURNS AT 7:20

First Precinct, Seventh Ward,
Tabulations Learned First
—All Co-operate

Twenty minutes after the polls had closed last night—it was 7:20 p. m. to be more exact—first local returns in the contests for U. S. Senator, governor and the various other offices had been flashed on the screen directly across from The News building on North Mercer street.

Those were the figures of the first precinct, seventh ward. Immediately after taking their count, the election board there got in touch with The News and the result was given out via telephone and screen.

Following close on the report of the first of the seventh came the second of the third with its tally; then the third of Shenango, second of seventh and others.

Election boards of both city and county precincts cooperated last night in a manner most commendable, making it possible to announce returns as they were counted over the telephone and via outside screen.

Delay Awards Until Councilman Returns

Councilman Stanley Treser today stated he would not recommend to council the award of contracts for a sweeper and grader until the return to council of Superintendent of Finance Burns who is ill.

Scores of new styles to see at once, in

Tonight—at
8 o'clock—

The unveiling of our Bridal Windows

We invite you to be among
the first to see this pag-
eant of beauty.

—If you are eager to know what the smart summer bride will wear, or what she will have in her home, you should not fail to be present this evening, when the curtains are drawn aside. Every window of our store is participating in the display... which is the most unusual we have ever presented. But you may judge for yourself tonight at 8 o'clock.

Bridal apparel

—We are well equipped to furnish the bride with wedding gown and veil... in whatever attractive style she deems appropriate for her type. Our stylists will be glad to discuss the bridal ensemble... with her, completing it, if she wishes, to the very last orange blossom!

Bridal hosiery

—will be white, if the bride conforms to tradition. (\$1.50 and \$1.95.) But she may wish all good taste wear flesh or one of the suntan shades... in square-heeled or slipper-heeled hose. (\$1.95 to \$3.00.)

Bridal gloves

—may be of white French kid, in 8-button length. (\$6.50) Or, if she's a demure young person, and her gown is quaintly fashioned, she may wear silk lace mitts. (\$1.50).

Bridal lingerie

—Here the bride's choice will include dainty pieces for her trousseau as well as for her wedding ensemble. Lace-trimmed chemise are \$2.95 to \$5.95, gowns, \$3.95 to \$10.95, and step-ins, \$1.95 to \$3.95.

Bridesmaids' apparel

—THE FROCKS will be of tiny chiffon... in any of the blossomtime shades! It's permissible for the bridesmaids to be almost as pretty as the bride in be-caped or frilled Strauss-Hirshberg frocks, at \$15.00 or \$25.00.

—THE HATS will be as dainty as lace-adorned hairbands can make them... and will droop appealingly over huge bridesmaids' bouquets. In pastel shades, \$6.50 to \$12.50.

Washable silk FROCKS

\$15

- Shantungs
- Printed crepes
- Pastel crepes
- Striped silks
- Faconne silks

—We could scarcely wait to get these frocks out of their packings before telling you about them. They're so vividly new... so youthful... so exactly what you want for golf, street, intimate parties... practically every daytime happening!

These four size groups

- Sizes 11 to 17
- Sizes 12 to 20
- Sizes 12½ to 20½
- Sizes 38 to 42

—The colors embrace every flattering hue, from delicate pinks and blues and greens to navy. Plenty are in white!

If you're one who likes to choose from MANY smart models—here's your opportunity!

—The completeness of this array is certain to appeal to the discriminating woman. And those who are usually hard to fit in washable frocks because their measurements vary from the average, will find that their needs have been anticipated in a wide selection of "half size" dresses. But whatever its size, each frock has more than its due of smartness and value... jackets, quaint skirts, yokes, and capes being only a few of the prevailing marks of distinction.

New sport anklets

35c and 50c pair

Girls' and women's sizes

—Women are finding these ankle socks quite comfortable for golf... and girls are "simply wild about them" for school and tennis. New Roman-striped and diamond effects pattern the cuff tops, and the feet proper are in silk, or rayon and fisle. Sizes 6½ to 8 for children... 8½ to 10 for women.

(Main Floor)

Square chiffon scarfs

—Decidedly new for sportswear

\$1.95

—These 40-inch squares of fine-crepe chiffon do very smart things to sports togs... especially as they're patterned with various-colored diagonal stripes, which meet picot-edged borders of harmonizing tone.

New summer neckwear

—Of crisp organdy or dainty lace

\$1.00

—Here are pastel organdy collars and cuffs, turreted or notched in the favorite manner of Chanel... as well as cream or white lace neckwear with matching cuffs.

(Main Floor)

Special! Playing cards

—Gilt-edged 39c

—It would seem more reasonable to find such cards at 60c a deck... for they are finely finished, with gilt edges, and pictures of knights and cavaliers upon the backs.

YOU'LL never have but one pair of eyes. Of course every one knows that, but it is not everyone who thinks to protect them. Glaring light and shadows are equally injurious to your eyes. One night spent reading under a poor light may not effect your eyesight, but as time goes on the result is—EYESTRAIN!

Why take chances with your eyes? Use plenty of well-shaded lights, for electric light is the cheapest thing in the home today.

Child Patients Get Opportunity To Play In "Band"

HARRISBURG, May 21.—"Organized racket" is the term applied to the offerings of a unique band of child musicians in the new children's unit of the Allentown State Hospital, under the jurisdiction of the State Department of Welfare. There are no horns, violins or other instruments commonly associated with music in the band. Each musician is provided with a toy drum, cymbals, castanets or triangles. The "music" is specially prepared sheet music and when interpreted by the band is entirely confined to rhythm. The idea and the offerings of the group in "concert" have attracted wide attention as well as respect of distant value to the youthful patients in the institution, according to officials of the Department.

BIRTHRIGHT IS ATTRACTIVENESS

Many Women Cheated of the
Happiness of Life Because
They Do Not Under-
stand Their Own
Rights

For every woman who wants to be attractive there are four essentials, and every woman can obtain them.

First—Every woman is entitled to a clear, clean complexion—a skin you love to touch.

Second—Every woman is entitled to a graceful, little body, radiating magnetic attraction.

Third—Every woman is entitled to clear, sparkling eyes—the windows of the soul.

Fourth—Every woman is entitled to a quick, alert intelligence.

Why haven't all women these four attributes? Why do some have skins that repel, legs, awkward bodily movements, dull eyes and slow, almost stupid brains?

Is it not simply because they do not understand the simple laws of health? Is it because they permit their bodies to become burdened instead of servants, troubles instead of joys?

It is so easy to get into an unsatisfactory state of health with no very acute symptoms, and yet with a host of aches and pains. These troubles usually start with a digestive disturbance. This is followed by inactive liver and sluggish bowels.

Then catarrhal troubles develop. Soon the blood, instead of being a pure stream of nourishment, is polluted with frequent eruptions. The body becomes lanky and heavy. The brain, too, is poisoned by these waste products, and dullness replaces the former brightness. Attractiveness is lost, and the woman becomes most unhappy.

HELPING THE HALF-SICK
Good health is a thing to be held, once lost, it must be regained. Revivification must start with the digestion. The stomach must recover its tone, the liver and kidneys be gently nudged into doing their work, and the bowels must assume their normal function. In other words, stagnation must be overcome. What is so well fitted to do this as that valuable new prescription known as World's Tonic?

The result of long research which can be had without a doctor's prescription. It starts the cleaning up process at once. Imparting strength to the stomach, getting the liver and kidneys aroused, and dispelling the waste material. Then the blood is cleansed of its impurities, catarrhal inflammation is dispelled and the body functions corrected. With plenty of pure, rich blood the skin clears up, the eyes brighten, the tired muscles are refreshed, and the brain is enlivened.

If we could tell you of the thousands of cases of half-sick women who have been so wonderfully helped by World's Tonic, you would not hesitate to use it to regain your own attractiveness. Get a bottle today and see for yourself. You can get World's Tonic at Eckerd's, McKee's, Paisley's, Smith's or any other good drug store. (A-50)

Seeks Reasons For
Death Of Turkeys

HARRISBURG, May 21.—Several of the Game Commission's trapping experts have been sent into Perry county to learn the cause for the killing of a number of wild turkeys in the Kansas Valley section.

Although a number of the turkey carcasses were found attached to the Commission were unable to determine the cause of their deaths. Three of the turkeys found had their heads eaten off.

So far two stray dogs, one raccoon and a bald eagle have been trapped in the vicinity.

Thousands Of Supplies Are Being Ordered For Next Term Of City Schools

No more pencils, no more books—will be, in a very few days, the happy chant of thousands of New Castle school children, and all things suggestive of school days will be forgotten for three months of blissful summer vacation.

But not so with Hugh Marquis, secretary and business manager for the School District of New Castle. It is the job of Mr. Marquis to order school supplies for the next school year. If he should break out into a chant, it would probably be—we need more pencils, more books, more chalk and more ink.

Here is just an idea of the enormous amount of supplies used by the 11,000 pupils in one year. The school district has ordered 250 gallons of ink powder, 800 boxes of thumb tacks, 50 waste paper baskets, 600 boxes of paper clips, 1500 dozen pencil tablets, or to be more explicit, 18,000 tablets. Then too, there has been ordered 1,400 reams of pencil paper, 250 boxes of pencil erasers, 1800 more pencil tablets, 20 quarts of red ink powder, 150 boxes of paper fasteners, 30 dozen pencil compasses, 100 dozen bevel edge rulers and 10 dozen brass edge rulers.

And that's just a beginner. Here are some more supplies—20,000 envelopes, 500 sheets of carbon paper, 20,000 more envelopes, 50 dozen blue marking pencils (the kind teacher delights in using to mark examination papers), 5000 pairs of lined binders, 9000 notebooks, 1500 stenographer notebooks, 6 dozen inkblotter, 30 dozen blackboard erasers, 8,350 reams of pen and mimeograph paper, 6000 book-covers and 300 boxes of chalk.

If you haven't already gotten an idea of where the money goes, why here are a few more figures: 90 boxes of rubber bands, 400 teachers' roll of rubber bands, 300 gross of soft, medium and black pencils, twelve dozen type-writer erasers, 300 gross pen points, 250 gross more pencils, 600 book covers, 100 dozen envelopes of mending paper and 590 reams of music paper.

A squint at some of the art supplies being ordered shows the following interesting items: 42 dozen sharp point scissors, 700 portfolios, reams and reams of drawing paper, bogus paper, Japanese Rice paper, construction paper, harmatone paper, tonal

paper, squared drawing paper, 36 cans of various colored enamel paint, 6 cans of black enamel, 15 pints of white enamel, 270 dozen paint refills, 16 dozen boxes of water colors, 20 boxes of chalk, 11 quarts of tempera paint, 48 tubes of oil paints, 50 sheets cardboard, 420 dozen of waxon crayons, 114 boxes of pastel crayons.

Add to that list dozens and dozens of paint brushes and 71 gallons of library paste.

That is, not of course, a complete list of the number of supplies being ordered, but it is enough to use up several thousand dollars. Everything is bought at the very lowest price which can be secured. By the time the supplies are all ordered, scores of companies will have contributed their best quality materials at their lowest possible price.

Decorating Of Veterans Graves Starts Sunday

Work Will Be Done In Sys-
tematic Manner By Me-
morial Day Com-
mittees

COMRADE HOUSTON AT SHENANGO U. P.

Arrangements have been completed for the annual decoration of the graves of deceased service men of all wars in the various cemeteries of the district and this work will be started on Sunday afternoon when one group of the workers will decorate the veterans graves in St. Mary's and St. Joseph's cemeteries. Others will carry on this worthy work in all the cemeteries of the district in the days following and previous to Memorial Day. The organizations assisting in this work are the Spanish American War Veterans, American Legion and Veterans of Foreign Wars. The Boy Scouts are also taking an active part in the work. Flags and flowers will be placed on all veterans graves. The work will be done as follows: Greenwood Cemetery, Wednesday evening, May 22 by the United Spanish War Veterans, American Legion and Sons of Veterans, assisted by a troop of Boy Scouts. Oak Park and Graceland Cemeteries, Wednesday evening, May 23, by the Veterans of Foreign Wars, St. Mary's and St. Joseph's Cemeteries, Sunday afternoon, May 25, by C. S. McCaskey and His Committee from the Sons of Union Veterans. Valley View, Tuesday evening, May 27, by P. V. Ryhal, W. J. Chapman and R. M. Campbell. Big Town Balloon Peddler Has His Cares

(International News Service)
NEW YORK, May 21.—Being a balloon peddler in a big town today evidently is not what its "cracked up" to be.

"Look at these big balloons!" he yells as he endeavors to catch the attention of women with children passing by along the densely populated and noisy thoroughfare. "What a bargain! Only ten cents and you get the biggest balloon outside those in the hangar at Lakeland."

As the children continued stepping up and asking for the "big sellers" rather continually, the balloon vender flaunted two samples of his craft high above his head. They were the efforts of long minutes of convulsive blowing on his part. His powerful lungs were compelled "to give" when he dilated them. But it was worth the trouble. Didn't they attract the children?

All this as preface to what recently happened to a big town balloon vender here. The inevitable policeman soon spotted this flourishing business and commenced walking rapidly in its direction. Like a subway rush for seats, the balloon salesman drew a pin from his coat and stabled both balloons, which burst with a resounding rumpus. Then the man lazily strolled over to observe the sights in a store window.

When the arm of the law had passed, the lungs of the acute salesman began throbbing and heaving again. And two more samples were flying high again—just like that. Asked by an onlooker why he didn't throw away the balloon samples, the man replied: "Someone always gives them back to me, imagining I lost them by accident. I find that if I burst a pair and avoid paying a fine, it's much cheaper. And look at the worries I save myself."

Workman Fatally Hurt At Hillsville

Crushed While At Work In No. 2 Quarry On Tuesday Afternoon

John Bencinic, aged 48, an employee of the G. W. Johnson Limestone company, at its No. 2 or outer quarry in the Hillsville district, died last night at the Jameson Memorial Hospital as a result of injuries sustained earlier in the day while at his employment as a shovel pitman. Coroner J. P. Caldwell was called on the case and found that death was due to an unavoidable accident. According to the information obtainable, Bencinic was assisting in the switching of a car of coal to be used in one of the steam shovels of the quarry about 4:30 Tuesday afternoon, when in some manner he was caught between the quarry locomotive and one of the cars and his head was terribly crushed. He was rushed to the Jameson Memorial Hospital, where his death

occurred several hours later as a result of his injuries. Mr. Bencinic was born in Austria in 1882. He had been employed of the Johnson Limestone company since 1924. He is survived by his wife and six children by a previous marriage and a child of the present wife by a former marriage. His first wife died a number of years ago. The funeral announcement will be made later.

Rattler Forecasts Early Summer

(International News Service)
ARBUCKLE, Cal., May 21.—"Heap big summer, come quick!" In other words, a hungry rattlesnake means an early summer. Indian sages of this valley made this prediction when the first rattler of the season appeared. And it was mighty hungry, on the word of Henry Kraft, a farmer. Kraft had spread a picnic lunch when the reptile crawled on the scene searching for a bite. A rifle shot killed the rattler, spoiled the picnic and started the Indians preparing for an earl, heap-big summer.

Serenaders Routed, As Co-Eds Boo

(International News Service)
CHICAGO, May 21.—Serenading today is one of the lost arts. A flock of male students recently gathered on the campus of Northwestern University here to serenade some co-eds. Unwittingly they picked out 10 p. m. for their individual "Romeo and Juliet" acts and in no time the campus watchman had swooped down upon them. "Prodding at such an unearthly hour!" came from the sentinel as he chased the boys off the campus. One incident, however, marred the watchman's watchfulness. The almost-serenaded co-eds booed his every movement.

PRICES SMASHED CHRYSLER "77" \$200 to \$350

Effective at once, prices of current Chrysler "77" models are reduced \$200 to \$350—the greatest price slash in all Chrysler history. This price reduction is occasioned by the fact that Chrysler will introduce—sometime in midsummer—a new model to take the place of the present Chrysler "77".

Other current Chrysler models—"70", "66" and new Chrysler Six—are being continued unchanged. Here is the greatest bargain ever offered in brand-new motor cars. At \$200 to \$350 off, the supply will not last long. Act now. Your present car will be accepted in trade. Chrysler's liberal financing facilities are available.

Complete First U. S. History In French

(International News Service)
PARIS, May 21.—The first complete history of the United States written in the French language has just been published. The author is Firman Roz who has spent many years on the other side, first in 1913 and then in 1923. Later, during the war he di-

rected the section of the United States at the Press center and in 1918 he lectured at the Sorbonne on Washington, Lincoln and Emerson. Monsieur Roz has endeavored to present his work from a broad general point of view to make present understood by the past, in short to give a brief but complete account of how the United States have grown to be what they are today. There is a prologue which tells of the early colonization of the States. The first act is the story of Independence, and the second the crisis

which included the Civil War and the third, the great period of prosperity, which takes the reader up to the present moment. The entire "historical drama" shows the United States which have become the greatest power in the world. 15,859 NEW DRIVERS PASS TEST IN APRIL HARRISBURG, Pa., 21.—Members of the motor patrol examined 22,092 applicants for drivers' license during April. Senate Confirms Owen J. Roberts Minus Objection

Philadelphia Man Given Po-

Justice

BORAH AIDS IN
ROBERTS' BEHALF

(International News Service)
WASHINGTON, May 21.—Owen J. Roberts, a leading member of the Philadelphia bar and special government prosecutor in the cases developing from the "oil scandals" in the Harding administration, was confirmed Tuesday afternoon by the senate as an associate justice of the United States Supreme Court, without objection.

He will fill the vacancy on the nation's highest court caused by the death March 8 of Justice Edward T. Sanford. Roberts was named by President Hoover two weeks ago after the senate rejected Judge John J. Parker of N. C. for the same vacancy.

His confirmation came with startling ease on the heels of the successful fight against Parker and the heated struggle over the appointment of Charles Evans Hughes as Chief Justice. Roberts' nomination proved popular from the outset and received the unanimous indorsement of the senate judiciary committee.

Sen. William E. Borah (R) of Idaho, who led the fight against Parker and Hughes, was instrumental in securing Roberts' confirmation. He approved of Roberts and made the request to the senate which resulted in his overwhelming confirmation.

EDENBURG

MEMORIAL ASSOCIATION

The Edenburg Memorial Association held a rousing meeting of the Edenburg citizens in the M. E. church Monday evening.

Reports from the various committees indicated that everything is progressing along toward a very appropriate time on Decoration Day.

Music for the day will be furnished by the Bugle and Drum Corps of the McBride Post of New Castle. A picnic dinner will be served on the M. E. church lawn, to which everyone is invited to come with their baskets.

Next Monday evening, May 26th, will be the final meeting of the Association, held in the M. E. church.

Buy a Six of Course but be Sure it's a Super-Six

The Essex Challenger is a Super-Six. By its patented principle the ability of the 6-cylinder type is freed to the limit. It is responsible for a performance and smoothness that belong exclusively to the Essex Challenger. That is why we say—and more buyers every day are saying—"not just a Six, but a Super-Six."

The New ESSEX Challenger Gives Sparkling Performance

Essex owes its performance to its completely balanced motor and power line. It has four-cylinder aluminum pistons, balanced with crankshaft and flywheel; driveshaft balanced with clutch and universals, and the Lanchester Balancer for smooth pickup. More power results, with smoother acceleration, higher speed and low fuel consumption.

New Oil System Adds Long Life
More and cooler oil in all bearings means a cool motor with less wear on moving parts. Roller valve tappets and adjustable front end timing chain aid quiet operation.

Plenty of leg and head room are built into Essex bodies. Front and rear seats are adjustable and bodies are silenced and insulated, with larger windows.

Interior appointments carry the same motif as fenders and lamps. Upholstery is of finest quality. There is a graceful three-spoke

steering wheel, and the instrument panel holds starter, electric fuel and oil level gauge as well as motometer.

Roadability and Safety

Longer wheelbase, larger tires and patented spring suspension make Essex the most roadable of cars. High speed with safety is possible because of the positive action of four-wheel brakes.

This is the finest, best performing Essex value ever built. It holds scores of records established during continent-wide Challenger Week. See it and drive it. You will need no other proof that this is not just a six, but a Super-Six.

FREEDOM GASOLINE AND MOTOR OILS

THE tell-tale "ping-ping, pong-pong" of a carbon-filled motor is bad news alike to man or maid. It steals fuel and robs you of power.

Users of Freedom gasoline and its companion product—Freedom Perfect Motor Oil—have ended carbon troubles forever. They have found that Freedom Perfect is different. That it contains no *hard* carbon . . . and less *soft* carbon than ordinary oils. And that it assures more hours of smooth, quiet operation, a longer-lived motor.

Freedom Perfect originates in the heart of the Pennsylvania oil country. That makes it *good*. Then it's super-refined and made wax-free by special Freedom methods. That makes it *better*!

Air Passenger Service Starts

Planes Make First Stops Here Tuesday Afternoon, inaugurating New Service

Air transportation service for New Castle was inaugurated yesterday, when the big tri-motored plane of Pennsylvania Air Lines, made its first stop here to take on and discharge passengers.

There was a fair crowd at Bradford Field to watch the plane land on its initial flight between Cleveland and Pittsburgh. Scheduled to arrive at 1:30 p. m., but was delayed a little by the adverse flying conditions which prevailed yesterday, and a longer stop than had been intended at Youngstown, where several passengers were discharged.

After circling the field to get his bearings, Pilot Baker landed the big machine, taxied around the field and stopped, where three local passengers, Alex Wright, J. R. Rick, and Jack Crowl boarded the machine for the remainder of the flight to Pittsburgh. They returned on the return trip between Pittsburgh and Cleveland.

W. Keith McAfee, local resident had booked passage for New York on the initial trip out of New Castle, but because of bad flying conditions over the mountains, the trip was cancelled; and he was forced to make the visit by rail.

The planes will stop at New Castle

Senate Adopts Resolution Calling Upon District Attorney For Explanation

(International News Service) WASHINGTON, May 21.—The senate Tuesday adopted a resolution calling upon District Attorney Leo A. Rover here to explain why Thomas W. Cunningham, Philadelphia politician, hasn't been tried on a criminal charge of contempt of the senate.

The resolution is designed as a rebuke to the third circuit court of appeals, which has delayed action for a year on Cunningham's case. Cunningham was cited for contempt by the senate and indicted on a like charge by a grand jury because he refused to tell how he obtained \$50,000 he was credited with giving the campaign of William S. Vare in Pennsylvania's 1926 senatorial primary. Vare was subsequently barred from the senate. Some senators insist Cunningham be punished on the criminal charge of contempt to serve as a lesson to other witnesses who might defy the senate in the pending election inquiries.

American Legion Completes Plans For Memorial Day

Will Add Names To Memorial
Tablet On Lawrence Avenue
Within Few Weeks Here

ELLWOOD CITY, May 21.—The regular semi-monthly meeting of the American Legion took place Tuesday evening in the club rooms on Sixth street.

At this time the committee on arranging for Memorial Day reported that all plans had been completed. There will be the usual parade and speeches, etc. The committee on the local Junior Base Ball League which is being sponsored by the Post reported that four or five teams will be ready to play within the next few weeks.

The comrades of the post decided that during June, July and August the post would meet only once a month, on the first Monday. At the next meeting, three delegates from the local post will be elected to the State Convention in Harrisburg which convenes August 21, 22 and 23.

Members of the Bugle and Drum Corps also many Legionnaires will attend the Commander's banquet in East Liverpool, Ohio Friday night, May 23. The banquet will begin at 6:30 and the parade at 8 o'clock. There will be a number of Bugle and Drum Corps from all over the state present. Those who wish to attend the affair are asked to meet at the Legion Hall at 6:30 Friday and wear their caps.

Regarding the addition of names to the Memorial Tablet, which have been omitted, the Post has secured four names to be added, and any citizens knowing of names omitted are asked to communicate with the Post.

The entertainment last night was particularly good, the feature being a playlet, Mrs. Augustus Vandergriht put on by Conrades Carl Hayes, Randall Lake, McBride, Gus Epler and Harry Turner. It was a screen and highly enjoyed. There was also music by a string orchestra and the usual bounteous lunch served by the Mess sergeant and his gang.

Community Chest Total For Tuesday Ahead Of Last Year

Yesterday's Results On Community Chest \$8,939.75 Being \$1,000 Ahead Second Day Last Year

ELLWOOD CITY, May 21.—The football game for humanity is making fine gains since the opening of the game on Monday. Yesterday's donations were \$8,939.75, which is \$1,000 ahead of donations on the same day during the drive in 1929. The total for the two days of the drive is \$12,181.50. This is almost a third of the required quota of \$37,500, so is right up to the minute on gains.

The players in the football game which are exhibited on the bulletin board in front of the Central building, made splendid gains in the past two days toward the grand total touchdown, which will surely come on Saturday night, the last day of the drive "For Humanity's Sake."

Funeral Services For Harry Barton

ELLWOOD CITY, May 21.—Funeral services for Harry A. Barton, aged 37, of Baldwin Stop, will take place Thursday afternoon at 2 o'clock from his late home. His death occurred Monday night in North Jackson, Ohio, after a short illness.

Rev. Keegan of the Mission Alliance church of Moravia will officiate and burial will be made in the Locust Grove cemetery. The deceased leaves his widow, Mrs. Nevada Barton.

May Day Health Stunt In School

ELLWOOD CITY, May 21.—The Health Education department of the Lincoln High school are putting on a May Day demonstration in the athletic field Thursday afternoon. There will be various drills, dance and other stunts of interest. There is a rehearsal being held this afternoon and another tomorrow morning.

The above plans, of course, depend on the weather.

Mrs. E. T. Jenkins Is Club Hostess

ELLWOOD CITY, May 21.—Mrs. E. T. Jenkins of Ewing Park entertained the members to the Tuesday Night Bridge club at her home last night.

There were two tables in play and at the conclusion of a pleasant evening score honors went to Mrs. Bokmak and Mrs. Pfister. Later the hostess served delicious refreshments. In two weeks Mrs. Ninegar of Bell avenue will entertain.

William Antonelli Taken By Death

ELLWOOD CITY, May 21.—Little William Antonelli, son of Mr. and Mrs. Joseph Antonelli of Clover avenue, passed away yesterday at the home of his parents. He is survived by several brothers and sisters.

Funeral services will take place Friday morning from the Italian Catholic church with burial services in the St. Agatha cemetery.

SCARS OF CIVILIZATION
News dispatches from New Orleans tell us motorists will one day travel along a lane of azaleas, wild roses, verbenas, poppies and under the sheltering boughs of silver maples and royal palms, on their way from Florida to California along the road that is known as the Old Spanish Trail. Workers will be sponsored by women's clubs, civic clubs and others. Here we have the next step in the development of automobile transportation. First we had to have smooth, hard roads. Then we had to have wider roads. Now we look to roads that will be beautified. Beauty comes late in civilization but it rates high.

AN ITEM OF IMPORTANCE
Take this story from the New York Times. It has nothing to do with international politics or any other so-called great topic. But read it and ponder:

"The chances of conjugal harmony would be greatly enhanced if every husband remembered the date of his wife's birthday and wedding anniversary." Supreme Court Justice Ford asserted yesterday during trial of a \$250,000 alienation suit, when a young husband appeared unable to recall the date of his marriage. Justice Ford then admitted that his own wife's birthday had nearly slipped his mind last Tuesday and was recalled to him only after he had noticed the date of his morning paper.

"I have never forgotten that event of our marriage anniversary," he said.

The Story Of American Industry
Paper Making—(Part Three)—Paper Making In The Middle Age

UNTIL THE FIRST PART OF THE 19TH CENTURY THE MAKING OF PAPER WAS ENTIRELY A HAND ART. FIRST, LINEN RAGS WERE TORN INTO SHREDS AND SOAKED IN WATER. THEN THE WET SCRAPS WERE PUT INTO A MORTAR AND POUNDED TO A PULP. THE PULP NEXT WAS STIRRED IN A VAT OF WATER UNTIL ALL THE FIBRES IN THE PARTICLES OF CLOTH HAD BEEN SEPARATED.

SCOOPED FROM THE VAT, THE WET PULP WAS MOLDED INTO THE FORM OF SHEETS ON WIRE SCREENS. AFTER THE EXCESS WATER HAD RUN OFF, THE SHEET OF PULP WAS TRANSFERRED FROM THE SCREEN TO A THIN FELT MAT.

PILES OF SHEETS, PROTECTED BY FELT MATS, WERE THEN PUT INTO A PRESS AND SQUEEZED TIGHTLY. THIS PROCESS MASHED THE PULP FIBRES TOGETHER TO FORM A SOLID SHEET OF PAPER.

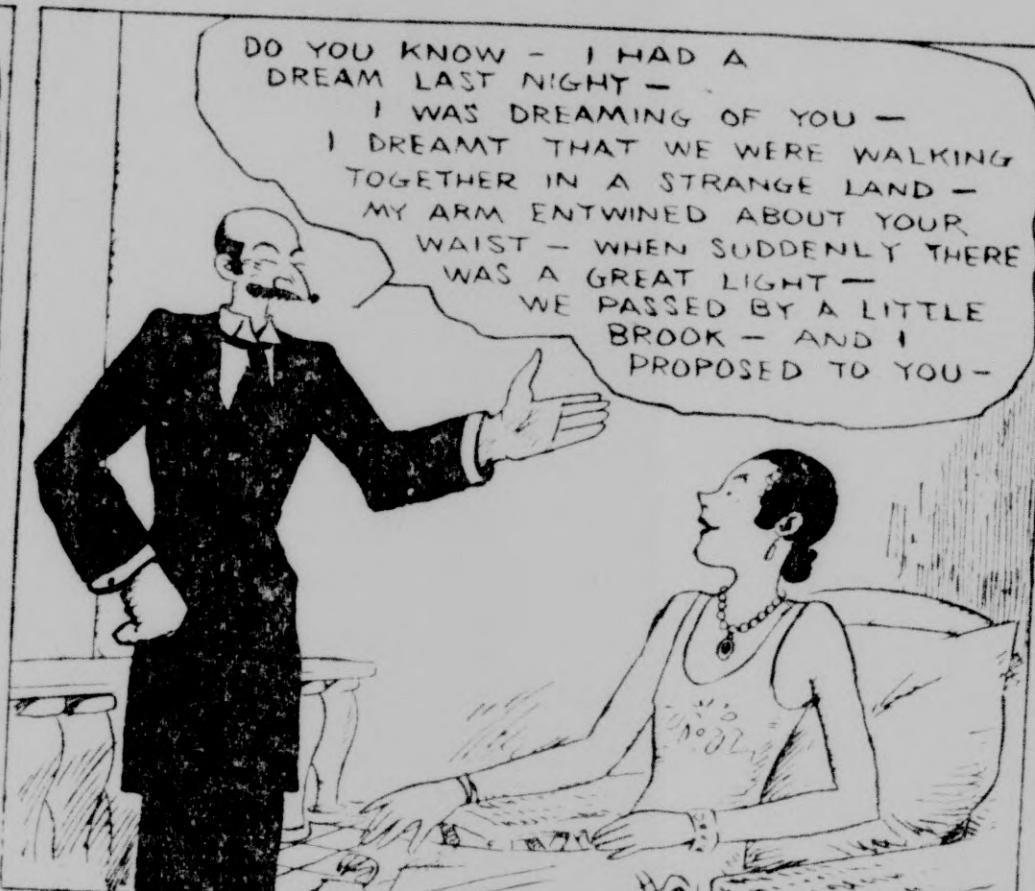

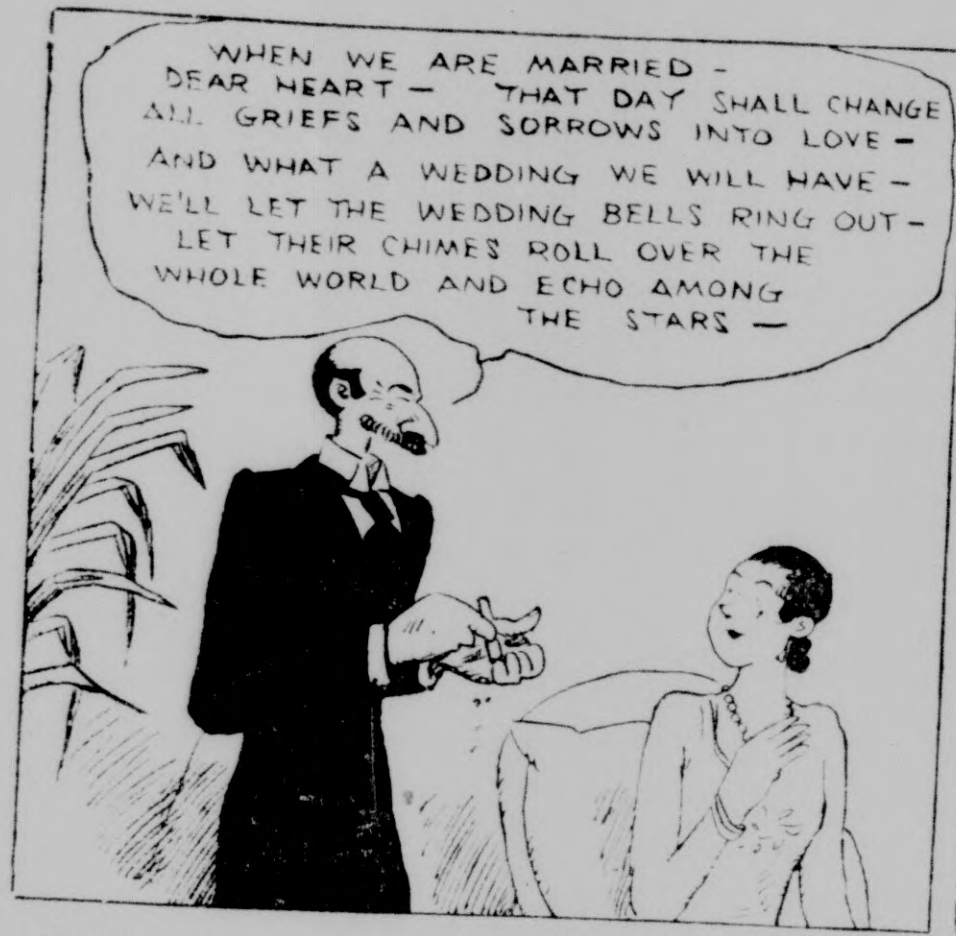

THE SHEETS WERE THEN TAKEN FROM BETWEEN THE FELT MATS, PRESSED AGAIN TO GIVE THEM A FINISH, AND HUNG UPON LINES TO DRY. THIS METHOD OF MAKING PAPER WAS USED UNTIL THE 19TH CENTURY. THE PAPER PRODUCED IN THIS WAY HAD A MOTTLED APPEARANCE, DUE TO THE MANY COLORS OF THE CLOTH SCRAPS FROM WHICH IT WAS MADE.

Pirates Shutout Cincinnati 5-0

Larry French Hurls Fine Four-Hit Game As Pirates Win Third Straight Game

COMOROSKY BOOL HITTING STARS

REDLAND FIELD, CINCINNATI, May 21.—Larry French, the portside heater of the Pittsburgh Pirates, got very shiny here yesterday afternoon and gave the Redlegs but four hits as the invaders from the western section of Pennsylvania galloped under the wire with a 5 to 0 victory, their third straight.

French was complete master of the Reds. He fanned two men and made the rest of them pop up little flies and hit into double killings. The Pirates gave French some sensational support, with Charley Enge pulling the prize play of the day.

Five of the Redlegs got free tickets to first but they couldn't get any further, and then they thought that French was a nice boy for allowing them to get a glimpse of the bag.

The Cincinnati wrecking crew failed to do much damage to the benders served platterward by the Pirate ace.

To Give 15 Plaques At Night Meet Friday

Starting Time Of Meet Has Been Changed To 7:30 Eastern Standard Time

Announce Officials For Meet; Close To 500 Tracksters To Compete

Faculty Manager Ralph H. Gardner of the senior high school announced today that some 15 plaques, and over 100 medals will be awarded to athletes from 50 or more schools that will compete in the New Castle high school Night Track Carnival which will be staged under floodlights at Taggart Field on Friday night. The first event will start at 7:30 Eastern Standard Time.

Change Time
Faculty Manager Gardner also stated that the time of the meet has been changed. It was recently announced that the meet would start at 7:00 Eastern Standard Time. In order to accommodate the working men as well as the business men who wish to attend the unusual sport classic the time has been changed to 7:30.

Coaches from the different schools report that their athletes are training diligently and that they will be here in tip top shape. The meet here compares with the best in this section and the athletes realizing this will strive hard to win the many medals that await the winners in the different events.

Fifteen bronze plaques will be among the many awards to schools as well as individuals. The plaques are beautiful etched designs of the

high school seal. On the trophies are also pictures of athletes in bronze, and a name plate in which the winner can have the name of the school or individual written on it. These plaques are being donated by the different merchants of New Castle.

Over 100 medals will be awarded at the meet.

Any track man placing first second or third in any event will receive one of the medals. The medals are being awarded by the high school athletic association.

The athletes that will compete here will number close to 500 instead of close to 1,000 as was stated yesterday. The officials for the meet have been selected. W. S. Haddock, of Pittsburgh will act as referee assisted by numerous other prominent athletes of yesteryears.

Following are the names of the officials who will officiate the first night track meet in the United States here on Friday.

Games Friday night—Bankers vs. Firemen, Washington field; Post Office vs. Spencers, Lehigh field; Richmans vs. Phalanx, Carnegie field; News Slugs vs. Haneys, Carnegie field.

Tonight is an open date on the mushball program and many teams will try and get in their postponed games. The News Slugs will meet the Penn-Ohio Electric at George Washington field at 6:30 o'clock. This game was postponed from last Monday on account of rain and wet grounds. Several of the other teams in both leagues will no doubt avail themselves of the nice weather today and get in a postponed game.

The following games are carded in the Industrial loop for Thursday night: Radiator Works vs. Shenango Tin Mill, George Washington field, Engineering Works vs. Lehigh Cement, Lehigh field; Penn-Ohio Electric vs. Lockley Machine, Carnegie field; Bell Telephones vs. News Printers, Radiator field.

The Mercantile teams played two games last night as follows: The News Slugs took one on the chin from the Phalanx 6 to 0 at the Tin Mill field. The Haneys were defeated by the Spencers 14 to 4 in a game played at Washington field. This was a deadlock game from last Friday night.

It may be that four teams will want to use the same fields tonight for their playoff games. This can be made possible by only playing four innings each game, which constitutes a game in mushball when only seven innings make up a full game. The managers are asked to conform with this ruling and if there is another game ready for the field on which you happen to be playing wind up your game in the fourth inning.

Several of the games carded for last night had to be postponed due to wet grounds, cold weather and the fact that some of the players were working on election boards.

Spencers 14, Haneys 4.

Three Ohio State Baseball Players On Suspended List

Hinchman, Fontaine And Stull Accused Of Playing Professional Ball Last Year

(International News Service)
COLUMBUS, May 21.—The baseball team of Ohio State university was a wrecked machine today as three leading players retired after an investigation of charges that they had played professional ball. Bill Hinchman, pitcher, Lawton Fontaine, right fielder, and Thomas Stull, infielder, were declared ineligible by university officials.

The trio was accused of playing last season with the Coshocton team in the Eastern Ohio league.

Congregational Win Church Game

First Congregationals Top Central Presbyterians 4 To 1 Tuesday

The First Congregationals with Seamans pitching a four-hit game, defeated the Central Presbyterians 4 to 1 in an abbreviated Church League game played at the Scotland Lane field on Tuesday night.

The Congregationals had two big innings in which they scored their runs, the second and third. The game was halted in the fourth due to darkness. Chill, Miller and Morgan had the only extra-base blows of the game, Sargeant on the hill for the losers pitched good ball, but his support was a little ragged. This was a playoff game of the recent tie game.

Union High Tops Wampum Hi 10-8

Coach Boyd Forced To Use Three Pitchers As Union High Takes Close One

UNION TALLIES EIGHT IN SEVENTH

Union high school baseball team kept up their fine winning streak yesterday afternoon at Wampum, but what a time they had in doing it. The final score was 10 to 8, and you can not tell by the bare score what kind of a game it was. Wampum high threw a real scare into the Union ranks, but the boys of Scotland Lane lived to tell the world about it. Union is one step nearer the pennant.

Not one of the many fans present at the game would have bought a dime's worth of Union high stock as they went to bat in their half of the seventh inning. The Wampum boys were out in front 8 to 2 and that is supposed to be a big lead, and it would be if you were not playing a bunch of scrapping youngsters who never give up, and that is what happened to Union. The boys coached boys started to find the little old pitcher and make life miserable for the Wampum pitcher. When the terrible seventh had finished for Union it found the boys leading 10 to 8 through the medium of having batted around and having tallied eight runs. Coach Boyd used his old bean at this spot and sent his mound ace, Campbell, to the knoll to replace Loudon, and the big boy set the Wampumites down in one-two-three order, with two strikeouts and made one pop up a little weak fly.

Augustyn had started for Union and breezed along rather nicely, but in the fourth he was yanked when he became wild, and Loudon sent in.

Both teams played ragged ball in the field. A total of 11 mishaps in a game isn't so good. Union had five fumbles and Wampum had six mishaps.

Critchlow of the Union team had the longest hit of the game, a triple, while Severa, Campbell and Rousner had doubles. Severa was the heaviest slugger of the game with three bingles. Matcja, Jaworski and Critchlow had two hits apiece for Union. Wampum had but five hits off the three Union hurlers.

Union high meets Bessemer at Union high field on Friday afternoon in what looks like the "world's series" game of the season. Union high needs to win it to capture the class B flag. Both teams are tied for first place. The summary:

Dukes Top Allegheny On Tennis Courts

PITTSBURGH, Pa., May 21—Coach Grant Silver and the Duquesne University racquet welders came through with a deadlock with the Allegheny College tennis team, by the score of 3-3. The match was played on the campus asphalt tennis courts, Tuesday afternoon.

Although the weatherman did not deliver real spring or summer weather, he sent a chilly northern breeze that retarded the playing in certain spots. The racquet welders did not mind the weather, for they returned excellent results.

Duquesne University will meet Westminster College in a tennis match, providing "old man rain" does not wash the Lawrence County school courts from existence, May 31. This return match was originally scheduled for May 17, but O'Pluvius damaged the Westminster courts.

Davis Cup

THEY BEAT THE FRENCH PAIR IN 1929

SPORT BUG.

JOHN VAN RYN
NEW JERSEY STAR WHO ALONG WITH WILMER ALLISON (LEFT) THE FIERY TEXAN CARRY AMERICA'S DOUBLES HOPES IN TENNIS!

Even before the United States tennis authorities began to pick out their Davis Cup teams this Spring, American main hopes seemed to center on a youthful doubles combination that had already revealed much power. And that duo still consists of John Van Ryn of New Jersey and Wilmer Allison of Texas, who have been playing with more victorious consistency than any other pair in American tennis.

The firm of Van Ryn and Allison, George Lott and Johnny Doeg comprise our flamingly youthful team that will attempt to retrieve the famous Davis Cup from France later this year. Berkeley Bell—who seemed to sound the knell on the likable "Frank" Hunter's court greatness a few weeks ago—has been named alternate on the U. S. team. He, too, is a youth of a distinctly flaming nature—the kind that Will-yum Tilden liked to spank when he was in his disciplinary prime!

The opinion is general that France will retain the Davis Cup after a hard struggle, chiefly through victories in the singles. And the impression prevails that Van Ryn and Allison will win in the doubles.

The Sport Bug is far more optimistic than nearly all our tennis expert friends, because we think the time has come for Rene La Coste & Co. to meet their Waterloo. Reliable reports indicate that ill health, time, and even elements of dissension are militating against the continuance of French court supremacy.

If that young American team is half as good as it admirers claim it to be, the French stars will be dimmed next July by the rise of the younger lights just as La Coste et al forced Tilden and Hunter to fade as far back as 1927.

The Sport Bug believes Uncle Sam's youngsters will bring that Davis Cup back home this year, aided, of course, by that Van Ryn-Allison combination. Tomorrow they play Mexico in the American Zone eliminations. The semi-finals will be played somewhere in Europe, July 18-20, and the great battle with the French in France is scheduled for July 25-27. It is a pessimist indeed who predicts our boys will not reach the finals.

President Henry MacNichols, of the New Castle Church Baseball League today announced the selection of umpires and fields for the revised list of games for Thursday and Friday of this week in the league.

The schedule, umpires and fields: Thursday, May 22
Central Presbyterian vs. Third U. P., Scotland Lane, Ryan.

Friday, May 23
Congregational vs. First Christians, Clifton Flats, Dunn.
First Baptist vs. Central Presbyterians, Scotland Lane, Black.

Brooklyn And St. Louis Got Away To Poor Starts But Are Now Doing Better

CLEVELAND WINS PAIR OF GAMES

By COPELAND C. BURG
International News Service Sports Writer

NEW YORK, May 21.—The fighting spirit to carry on when all seems lost that makes baseball America's greatest sport flung aloft its inspiring pennants today with these two battling, slugging clubs, Brooklyn and St. Louis, running neck and neck in the throbbing National League race. Both teams got away to bad starts but in a month clubbed their way from cellar oblivion to become the two most talked of clubs in baseball.

Gelbert, Cardiel shortstop, whacked a homer with bases loaded as the Redbirds defeated Chicago 16 to 3 and the thrilling Robins trounced the Phillies 16 to 9. Babe Herman led the shock troops, getting four singles and a terrific homer.

A twirling fly by Sisler over second that dropped where no one was looking scored two runs in the tenth for Boston and the Braves triumphed 4 to 3 sending the cefe Giants into berth No. 4.

French, the Pirates' portside pitcher, held the Reds to four hits as the Bucs won 5 to 0 and went into third place.

Cleveland grabbed a double victory, 7 to 3 and 7 to 5 from the White Sox. Mel Harder was pitching thoughtfully in the first game and in the windup, Morgan, Indian outfielder, homered with two on in the sixth.

Babe Ruth was a flop but Lazzeri and Gehrig each bingle-banged thrice and won, 7 to 4, for the Yankees over Boston in ten innings.

The St. Louis Browns lowered the Detroit Tigers into the cellar again by winning the series final 8 to 2. St. Louis drove Hogsett to the coolers in the seventh when they scored five runs.

The Senators and Athletics were idle.

Brown And Davis Ahead In Fayette

(International News Service)
UNIONTOWN, May 21.—Secretary of Labor James J. Davis continued to steamroller his way to victory in Fayette county today as returns from outlying precincts filtered in.

In 75 out of 121 precincts, Davis received 9,012 votes, Grundy 2,814, and Bohlen 1,072.

Former Governor Gifford Pinchot continued to advance by lengthy strides upon the lead of Francis Shunk Brown, Sr., in his race for the governorship. Latest returns from the 75 precincts gave Pinchot 6,537; Brown 6,077, and Phillips 1,164.

McBride Post To Meet This Evening

Final Plans To Be Completed
For Poppy Day Sale Here
On Saturday

Members of the Harry L. McBride Post will hold their semi-monthly meeting in the Legion Home Association building this evening, when final arrangements will be made for the annual Buddy Poppy sale to be conducted here Saturday under the auspices of the post.

The sale this year is expected to be the greatest in the history of the post. The Veterans of Foreign Wars, have done outstanding work along relief lines during the past winter. Money from the Poppy Sale is devoted exclusively to this purpose. A small portion of its goes to the upkeep of the National Home for orphans and widows at Eaton Rapids, Mich., while another portion goes to the disabled men who have made the poppies in the U. S. Veterans hospitals. The balance is kept at home here and used in local welfare work among disabled veterans and their families.
